6 We, your Memorialists, the Senate and House of Representatives of

8 represent and petition as follows:

9 WHEREAS, The Leavenworth National Fish Hatchery located on the  
10 Icicle River, a tributary of the Wenatchee River, and operated by the

12 function of producing spring chinook salmon, providing benefits to the  
13 entire Columbia River region; and

14 WHEREAS, The Icicle River is a watershed that is home to three fish

16 currently listed as threatened or endangered under the federal  
17 endangered species act; and

18 WHEREAS, Watershed restoration efforts are being undertaken on a  
19 large scale by the State of Washington, treaty Indian tribes, public

2 River salmon and trout; and

3 WHEREAS, The Leavenworth National Fish Hatchery currently utilizes  
4 a water withdrawal design that does not provide proper protection for  
5 salmon and trout, some of which are naturally spawned endangered  
6 steelhead trout, endangered spring run chinook salmon, or threatened  
7 bull trout; and

8 WHEREAS, Operation of the Leavenworth National Fish Hatchery could  
9 be modified with construction of fish passage devices that would result  
10 in no jeopardy to listed salmon and trout;

11 NOW, THEREFORE, Your Memorialists respectfully pray that the United  
12 States Fish and Wildlife Service will make the proper modifications, in  
13 a timely manner, to the water withdrawal structure at the Leavenworth

15 the federal endangered species act.

16 BE IT RESOLVED, That the United States Fish and Wildlife Service  
17 apply for sufficient funding to construct the fish passage  
18 modifications necessary at the Leavenworth National Fish Hatchery, and
