Brief Description: Regulating siting of essential state community  
justice facilities.

**HB 2168.E2 - DIGEST**

(SEE ALSO PROPOSED 1ST SUB)

Establishes regulations for siting of essential state  
community justice facilities.

Requires the department to prepare a projected list of  
counties in which community facilities need to be sited over the  
period of calendar year 2002 through 2008, and every six years  
thereafter, and transmit that list to the office of financial  
management. The list may be updated as needed. In preparing this  
list, the department shall make substantial efforts to provide for  
the equitable distribution of community facilities among counties.

Establishes public notice and hearing requirements before site  
selection.
