Brief Description: Establishing a voluntary natural landmark registry.

SB 5129 - DIGEST

Directs each county or city required to or choosing to plan under RCW 36.70A.040 to establish a voluntary natural landmark registry.

Requires the registry to be open to participation to any landowner who wants to preserve a natural feature including, but not limited to, a mature grove of trees, interesting combinations of natural vegetation, or unusual geologic features.

Provides that, in order to be approved, the natural landmark status must be supported by a federal, state, or local natural resource management agency, or a private environmental organization.
