

SHB 1002 - H AMD TO H AMD (1002-S AMH HUNS CALL 43) 39  
By Representative Hinkle

NOT CONSIDERED 02/26/2003

1 On page 4, beginning on line 5 of the amendment, strike all of  
2 subsection (3) and insert the following:

3 "(3) Effective January 1, 2006, no person may sell, install, or  
4 reinstall a commercial or residential thermostat that contains mercury  
5 unless the manufacturer of the thermostat conducts or participates in  
6 a thermostat recovery or recycling program designed to assist  
7 contractors in the proper disposal of thermostats that contain mercury  
8 in accordance with 42 U.S.C. Sec. 6901, et seq., the federal resource  
9 conservation and recovery act."

EFFECT: Limits the sales prohibition on thermostats to those  
manufacturers not participating in a recycling or recovery program and  
eliminates the requirement that thermometer manufacturers must fund a  
public education campaign.

--- END ---
