By Representative Miloscia

ADOPTED 03/13/2003

1 On page 5, line 24, after "correctly records" strike everything  
2 through "election." on line 27 and insert "on a separate ballot the  
3 votes cast by each elector for any person and for or against any  
4 measure and such separate ballots are available for audit purposes  
5 after such a primary or election."

6 On page 6, beginning on line 22, with "a" strike everything through  
7 "election." on line 24 and insert "on a separate ballot the votes cast  
8 by each elector for any person and for or against any measure and such  
9 separate ballots are available for audit purposes after such a primary  
10 or election."

11 On page 7, beginning on line 9, strike all of section 13

12 Renumber the remaining sections consecutively and correct the  
13 title.

EFFECT: Reinstates existing language that requires voting machines to "correctly record on a separate ballot the votes cast" by each voter, and removes from the bill the new language that would have required voting machines to "correctly record a separate record of the votes cast" by each voter.
