3 On page 1, line 14, after "treatment;" insert "and"

4 On page 1, line 17, after "received;" strike all material
5 beginning with "and" through "student." on page 2, line 5

6 On page 2, line 6, after "shall" strike "maintain the
7 confidentiality of information obtained on the form" and insert
8 "place the information on the residential housing application,
9 contract, or agreement that is received or agreed to by the student
10 before taking possession of the residence"

EFFECT: Removes requirements that students sign and return a separate response form indicating receipt of meningococcal disease information. Requires that the information be placed on the college's residential housing documents.
