

**SHB 2891** - H AMD  
By Representative

- 1 On page 5, beginning on line 3, strike all of Section 3.
- 2 Renumber sections and correct the title.

**EFFECT:** Removes the deadline by which a city within a county that has a federal nuclear reservation within its boundaries must provide electric, water, and sewer service to households that, as of July 1, 2004, (1) are within city limits and (2) receive at least one of those services from a public utility district (PUD). Removes the requirement that the city and the PUD reach an agreement by which the city would pay the PUD a reasonable amount for the costs associated with the PUD's installation or modification of the facilities necessary to provide additional service by the deadline.
