By Committee on Agriculture & Natural Resources

1           On page 8, line 27, after "applicator" strike all material  
2 through "rule" on line 30 and insert "license shall be accompanied  
3 by a fee of twenty-five dollars; application for a limited private  
4 applicator license shall be accompanied by a fee of twenty-five  
5 dollars; and application for a rancher private applicator license  
6 shall be accompanied by a fee of seventy-five dollars"

**EFFECT:** Places in statute the licensing fees currently authorized for these categories of pesticide licenses, rather than allowing the fees to be set by rule.
