      EFFECT: Increases the poverty weighting factor for the Learning
      Assistance Program (LAP) allocations. This has two effects in
      terms of the LAP formula: (1) it increases the overall level of
      funding for LAP by approximately 5.5 percent on a school year
      basis; and (2) it increases the percent of LAP allocations based on
      poverty from 9 percent to 14 percent. This increases general fund-
      state appropriations by $3 million in fiscal year 2005.
