18          On page 44, line 22, increase the general fund--federal  
19 appropriation by \$1,460,000 and adjust the totals accordingly.

--- END ---

**EFFECT:** Increases state-fund appropriations by \$5.3 million so that DSHS may continue the current functional eligibility criteria

for the COPES and Medicaid Personal Care programs. The underlying budget anticipates that eligibility standards will be tightened, so that a higher level of disability would be required in order to qualify for publicly-funded long-term care.

**Fiscal Impact:** \$5.3 Million General Fund-State.
