2 "Sec. 4. RCW 46.61.688 and 2002 c 328 s 2 are each amended to read

11 for occasional off-road operation;

12 (c) "Neighborhood electric vehicle," meaning a self-propelled,
13 electrically powered four-wheeled motor vehicle whose speed attainable

22 (2) This section only applies to motor vehicles that meet the
23 manual seat belt safety standards as set forth in federal motor vehicle
24 safety standard 208 and to neighborhood electric vehicles. This
25 section does not apply to a vehicle occupant for whom no safety belt is
26 available when all designated seating positions as required by federal
27 motor vehicle safety standard 208 are occupied.

28 (3) Every person sixteen years of age or older operating or riding
29 in a motor vehicle shall wear the safety belt assembly in a properly
30 adjusted and securely fastened manner.

1 (4) No person may operate a motor vehicle unless all child
2 passengers under the age of sixteen years are either: (a) Wearing a
3 safety belt assembly or (b) are securely fastened into an approved
4 child restraint device.

5 (5) A person violating this section shall be issued a notice of
6 traffic infraction under chapter 46.63 RCW. A finding that a person
7 has committed a traffic infraction under this section shall be
8 contained in the driver's abstract but shall not be available to
9 insurance companies or employers.

10 (6) Failure to comply with the requirements of this section does
11 not constitute negligence, nor may failure to wear a safety belt
12 assembly be admissible as evidence of negligence in any civil action.

13 (7) This section does not apply to an operator or passenger who
14 possesses written verification from a licensed physician that the
15 operator or passenger is unable to wear a safety belt for physical or
16 medical reasons.

17 (8) The state patrol may adopt rules exempting operators or
18 occupants of farm vehicles, construction equipment, and vehicles that
19 are required to make frequent stops from the requirement of wearing
20 safety belts.

21 **Sec. 5.** RCW 46.61.687 and 2000 c 190 s 2 are each amended to read
22 as follows:

23 (1) Whenever a child who is less than sixteen years of age is being
24 transported in a motor vehicle that is in operation and that is
25 required by RCW 46.37.510 to be equipped with a safety belt system in
26 a passenger seating position, or is being transported in a neighborhood
27 electric vehicle that is in operation, the driver of the vehicle shall
28 keep the child properly restrained as follows:

29 (a) If the child is less than six years old and/or sixty pounds and
30 the passenger seating position equipped with a safety belt system
31 allows sufficient space for installation, then the child will be
32 restrained in a child restraint system that complies with standards of
33 the United States department of transportation and that is secured in
34 the vehicle in accordance with instructions of the manufacturer of the
35 child restraint system;

36 (b) If the child is less than one year of age or weighs less than

1 twenty pounds, the child shall be properly restrained in a rear-facing
2 infant seat;

3 (c) If the child is more than one but less than four years of age
4 or weighs less than forty pounds but at least twenty pounds, the child
5 shall be properly restrained in a forward facing child safety seat
6 restraint system;

7 (d) If the child is less than six but at least four years of age or
8 weighs less than sixty pounds but at least forty pounds, the child
9 shall be properly restrained in a child booster seat;

10 (e) If the child is six years of age or older or weighs more than
11 sixty pounds, the child shall be properly restrained with the motor
12 vehicle's safety belt properly adjusted and fastened around the child's
13 body or an appropriately fitting booster seat; and

14 (f) Enforcement of (a) through (e) of this subsection is subject to
15 a visual inspection by law enforcement to determine if the child
16 restraint system in use is appropriate for the child's individual
17 height, weight, and age. The visual inspection for usage of a forward
18 facing child safety seat must ensure that the seat in use is equipped
19 with a four-point shoulder harness system. The visual inspection for
20 usage of a booster seat must ensure that the seat belt properly fits
21 across the child's lap and the shoulder strap crosses the center of the
22 child's chest. The visual inspection for the usage of a seat belt by
23 a child must ensure that the lap belt properly fits across the child's
24 lap and the shoulder strap crosses the center of the child's chest. In
25 determining violations, consideration to the above criteria must be
26 given in conjunction with the provisions of (a) through (e) of this
27 subsection. The driver of a vehicle transporting a child who is under
28 the age of six years old or weighs less than sixty pounds, when the
29 vehicle is equipped with a passenger side air bag supplemental
30 restraint system, and the air bag system is activated, shall transport
31 the child in the back seat positions in the vehicle where it is
32 practical to do so.

33 (2) A person violating subsection (1)(a) through (e) of this
34 section may be issued a notice of traffic infraction under chapter
35 46.63 RCW. If the person to whom the notice was issued presents proof
36 of acquisition of an approved child passenger restraint system or a
37 child booster seat, as appropriate, within seven days to the

1 jurisdiction issuing the notice and the person has not previously had
2 a violation of this section dismissed, the jurisdiction shall dismiss
3 the notice of traffic infraction.

4 (3) Failure to comply with the requirements of this section shall
5 not constitute negligence by a parent or legal guardian; nor shall
6 failure to use a child restraint system be admissible as evidence of
7 negligence in any civil action.

8 (4) This section does not apply to: (a) For hire vehicles, (b)
9 vehicles designed to transport sixteen or less passengers, including
10 the driver, operated by auto transportation companies, as defined in
11 RCW 81.68.010, (c) vehicles providing customer shuttle service between
12 parking, convention, and hotel facilities, and airport terminals, and
13 (d) school buses.

14 (5) As used in this section "child booster seat" means a child
15 passenger restraint system that meets the Federal Motor Vehicle Safety
16 Standards set forth in 49 C.F.R. 571.213 that is designed to elevate a
17 child to properly sit in a federally approved lap/shoulder belt system.

18 (6) The requirements of subsection (1)(a) through (e) of this
19 section do not apply in any seating position where there is only a lap
20 belt available and the child weighs more than forty pounds."

21 Renumber the section following consecutively.
