
SUBSTITUTE SENATE BILL 6073

State of Washington

58th Legislature

2003 Regular Session

By Senate Committee on Ways & Means (originally sponsored by Senators Hargrove, Rossi and Doumit)

READ FIRST TIME 04/14/03.

1 AN ACT Relating to authorizing the increase of shellfish license
2 fees to fund shellfish biotoxin testing and monitoring; adding a new
3 section to chapter 77.32 RCW; creating new sections; providing an
4 effective date; and declaring an emergency.

5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

6 NEW SECTION. **Sec. 1.** The legislature finds that testing and
7 monitoring of beaches used for recreational shellfishing is essential
8 to ensure the health of recreational shellfishers. The legislature
9 also finds that it is essential to have a stable and reliable source of
10 funding for such biotoxin testing and monitoring. The legislature also
11 finds that the cost of the resident and nonresident personal use
12 shellfish and seaweed licenses is undervalued and not properly aligned
13 with neighboring states and provinces.

14 NEW SECTION. **Sec. 2.** A new section is added to chapter 77.32 RCW
15 to read as follows:

16 In addition to the fees authorized in this chapter, the department
17 shall include a surcharge to fund biotoxin testing and monitoring by
18 the department of health of beaches used for recreational shellfishing,

1 and to fund monitoring by the Olympic region harmful algal bloom
2 program of the Olympic natural resources center at the University of
3 Washington. A surcharge of three dollars applies to resident and
4 nonresident shellfish and seaweed licenses as authorized by RCW
5 77.32.520(2) (a) and (b); and a surcharge of two dollars applies to
6 resident and nonresident adult combination licenses as authorized by
7 RCW 77.32.470(2)(a). Amounts collected from these surcharges must be
8 deposited in the general fund--local account managed by the department
9 of health, except that one hundred fifty thousand dollars per year
10 shall be deposited in the general fund--local account managed by the
11 University of Washington.

12 Amounts in excess of the annual costs of the department of health
13 recreational shellfish testing and monitoring program shall be
14 transferred to the general fund by the department of health.

15 NEW SECTION. **Sec. 3.** The fee increase proposed in this act must
16 be implemented in the department of fish and wildlife's license fee
17 structure beginning July 1, 2003.

18 NEW SECTION. **Sec. 4.** This act is necessary for the immediate
19 preservation of the public peace, health, or safety, or support of the
20 state government and its existing public institutions, and takes effect
21 July 1, 2003.

--- END ---
