1 AN ACT Relating to extending the expiration date on the research
2 and development business and occupation tax credit; amending RCW
3 82.04.4452; and providing an expiration date.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 **Sec. 1.** RCW 82.04.4452 and 2000 c 103 s 7 are each amended to read
6 as follows:

7 (1) In computing the tax imposed under this chapter, a credit is
8 allowed for each person whose research and development spending during
9 the year in which the credit is claimed exceeds 0.92 percent of the
10 person's taxable amount during the same calendar year.

11 (2) The credit is equal to the greater of the amount of qualified
12 research and development expenditures of a person or eighty percent of
13 amounts received by a person other than a public educational or
14 research institution in compensation for the conduct of qualified
15 research and development, multiplied by the rate provided in RCW
16 82.04.260(3) in the case of a nonprofit corporation or nonprofit
17 association engaging within this state in research and development, and
18 the rate provided in RCW 82.04.290(2) for every other person.

1 (3) Any person entitled to the credit provided in subsection (2) of
2 this section as a result of qualified research and development
3 conducted under contract may assign all or any portion of the credit to
4 the person contracting for the performance of the qualified research
5 and development.

6 (4) The credit, including any credit assigned to a person under
7 subsection (3) of this section, shall be taken against taxes due for
8 the same calendar year in which the qualified research and development
9 expenditures are incurred. The credit, including any credit assigned
10 to a person under subsection (3) of this section, for each calendar
11 year shall not exceed the lesser of two million dollars or the amount
12 of tax otherwise due under this chapter for the calendar year.

13 (5) Any person taking the credit, including any credit assigned to
14 a person under subsection (3) of this section, whose research and
15 development spending during the calendar year in which the credit is
16 claimed fails to exceed 0.92 percent of the person's taxable amount
17 during the same calendar year shall be liable for payment of the
18 additional taxes represented by the amount of credit taken together
19 with interest, but not penalties. Interest shall be due at the rate
20 provided for delinquent excise taxes retroactively to the date the
21 credit was taken until the taxes are paid. Any credit assigned to a
22 person under subsection (3) of this section that is disallowed as a
23 result of this section may be taken by the person who performed the
24 qualified research and development subject to the limitations set forth
25 in subsection (4) of this section.

26 (6) Any person claiming the credit, and any person assigning a
27 credit as provided in subsection (3) of this section, shall file an
28 affidavit form prescribed by the department which shall include the
29 amount of the credit claimed, an estimate of the anticipated qualified
30 research and development expenditures during the calendar year for
31 which the credit is claimed, an estimate of the taxable amount during
32 the calendar year for which the credit is claimed, and such additional
33 information as the department may prescribe.

34 (7) A person claiming the credit shall agree to supply the
35 department with information necessary to measure the results of the tax
36 credit program for qualified research and development expenditures.

37 (8) The department shall use the information required under
38 subsection (7) of this section to perform three assessments on the tax

1 credit program authorized under this section. The assessments will
2 take place in 1997, 2000, and 2003. The department shall prepare
3 reports on each assessment and deliver their reports by September 1,
4 1997, September 1, 2000, and September 1, 2003. The assessments shall
5 measure the effect of the program on job creation, the number of jobs
6 created for Washington residents, company growth, the introduction of
7 new products, the diversification of the state's economy, growth in
8 research and development investment, the movement of firms or the
9 consolidation of firms' operations into the state, and such other
10 factors as the department selects.
