Brief Description: Creating the license suspension review committee.

HB 1057 - DIGEST

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that existing law as it relates to the suspension of commercial fishing licenses does not take into account the real-life circumstances faced by the state's commercial fishing fleets. The nature of the commercial fishing industry, together with the complexity of fisheries regulations, is such that honest mistakes can be made by well-meaning and otherwise law-abiding fishers. Commercial fishing violations that occur within an acceptable margin of error should not result in the suspension of fishing privileges. Likewise, fishers facing the possibility of license suspension or revocation deserve the opportunity to explain any extenuating circumstances prior to having his or her professional privileges suspended.

Declares an intent, by creating the license suspension review committee, to provide a fisher with the opportunity to explain any extenuating circumstances that led to a commercial fishing violation.

Finds that gross abuses of fish stocks should not be tolerated. Individuals convicted of even one violation that is egregious in nature, causing serious detriment to a fishery or the competitive disposition of other fishers, should have his or her license suspended and revoked.
