Brief Description: Creating a risk management unit within the department of corrections.

HB 1104 - DIGEST

Provides that the risk management unit shall: (1) Identify liability and property risk that may have a significant economic impact on the department;

(2) Evaluate existing loss control programs within the department as appropriate to suggest improvements and recognize successful safety policies and procedures;

(3) Identify new methods to eliminate or improve conditions and practices that contribute to loss whenever practical;

(4) Identify methods to assist the department to meet the requirements for insurance coverage or service; and

(5) Maintain loss history information for the purpose of identifying and analyzing risk exposures.
