Brief Description: Limiting the liability of landowners for unintentional injuries incurred while rock climbing.

**HB 1195-S - DIGEST**

(DIGEST AS ENACTED)

Finds that it is important to the promotion of rock climbing opportunities to specifically include rock climbing as one of the recreational activities that are included in RCW 4.24.210. By including rock climbing in RCW 4.24.210, the legislature intends merely to provide assurance to the owners of property suitable for this type of recreation, and does not intend to limit the application of RCW 4.24.210 to other types of recreation.

Declares that, by providing that a landowner shall not be liable for any unintentional injuries resulting from the condition or use of a fixed anchor used in rock climbing, the legislature recognizes that such fixed anchors are recreational equipment used by climbers for which a landowner has no duty of care.
