Brief Description: Allowing the state board of health to reference the United States food and drug administration's food code for the purpose of adopting food service rules.

HB 1318 - DIGEST

(DIGEST AS ENACTED)

Authorizes the state board of health to reference the United States food and drug administration's food code for the purpose of adopting food service rules.

Declares an intent that the state board of health use the United States food and drug administration's food code as guidance when developing food service rules for this state.
