Brief Description: Concerning utility relocation reimbursement agreements.

**HB 2279 - DIGEST**

Provides that, if an authority has a reimbursement agreement with any public or private utility provider for the costs associated with removal, adjustment, protection, relocation, restoration, or replacement of utility facilities affected by the construction, alteration, or repair of a rail fixed guideway system as defined in RCW 81.104.015, the authority shall make available the same terms and conditions to all affected utilities.
