Brief Description: Addressing the protection of personal and identifying information.

HB 2558 - DIGEST

Finds that release of personal and identifying information specifically linked to the name and job title of employees in the criminal justice and judicial systems may increase exposure of those individuals and their families to identity theft, harassment, or physical harm. The legislature finds the public's legitimate right to hold public employees accountable can be achieved without access to and dissemination of personal and identifying information that may subject an employee and that employee's family to an increased danger of physical harm, identity theft, or harassment.

Declares that this act is intended to assist employees of the criminal justice and court systems to limit release of personal and identifying information to the general public.
