HB 2660 - DIGEST

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that, as a condition of granting a deferred prosecution petition on any alcohol-related case, the court shall also order the installation of an ignition interlock under RCW 46.20.720.

Declares that the required periods of use of the interlock shall be not less than the periods provided for in RCW 46.20.720(2) (a), (b), and (c).

Provides that, if, based upon notification from the interlock provider or otherwise, the department determines that an interlock required under RCW 46.20.720 is no longer installed or functioning as required, the department shall suspend the person's license or privilege to drive. Whenever the license or driving privilege of any person is suspended or revoked as a result of noncompliance with an ignition interlock requirement, the suspension shall remain in effect until the person provides notice issued by a company doing business in the state that a vehicle owned or operated by the person is equipped with a functioning ignition interlock device.
