Brief Description: Allowing a business address to be used for voting purposes.

**HB 2902 - DIGEST**

Declares that "residence for voting purposes" means either the place at which an applicant for voter registration resides or the primary place of business of an applicant, if that applicant's residence is within the same county as the business. In order to provide the address of a primary place of business as the address of a residence for voting purposes, at least a majority of the business must be owned by the applicant.

Requires that, if the applicant is providing the address of a primary place of business as the applicant's residence for voting purposes, the applicant shall also provide the address of the applicant's home residence.
