HB 3095 - DIGEST

Provides uniform small works roster provisions to award contracts for construction, building, renovation, remodeling, alteration, repair, or improvement of real property that may be used by state agencies. These provisions may be used in lieu of other procedures to award contracts for work with an estimated cost of two hundred thousand dollars or less.

Authorizes a state agency to create a single general small works roster, or to create a small works roster for different specialties or categories of anticipated work. Where applicable, small works rosters may make distinctions between contractors based upon different geographic areas served by the contractor.
