Brief Description: Providing for an emergency school repair and renovation account.

HB 3110 - DIGEST

(SEE ALSO PROPOSED 1ST SUB)

Creates the Washington emergency school repair and renovation grant program to help class two school districts pay for any nonrecurring costs associated with urgent facilities repairs and renovations related to health and safety risks, fire and building code deficiencies, access for disabled students, and asbestos abatement or removal.

Requires the office of the superintendent of public instruction to administer the program.
