(originally sponsored by Representatives  
Morris, Linville, Conway, Sullivan and Upthegrove)

Establishing a permitting bill of rights.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that permits and licensing programs have been legislatively established to protect the health, welfare, economy, and environment of Washington's citizens and to provide a fair, competitive opportunity for business innovation and consumer confidence.

Finds that uncertainty in government processes to permit or license an activity by a citizen of Washington state is undesirable and erodes confidence in government.

Finds that information about the permitting and licensing process is critical for an applicant's planning and financial assessment of the proposed project.

Declares that applicants have a responsibility to provide complete and accurate information.

Declares that citizens of the state of Washington have the right to know the following information when applying for a permit, license, or authorization to engage in a lawful activity: (1) Right to know the minimum and maximum time required by an agency for a decision on a permit or license, including public comment requirements;

(2) Right to know the minimum and maximum amount of information required for an agency to make a decision on a permit or license;

(3) Right to know when an agency considers an application complete for processing;

(4) Right to know the minimum and maximum costs in agency fees that will be incurred by the permit or license applicant; and

(5) Right to know the reasons for a denial of a permit or license in writing.

Requires state permitting and licensing agencies to track the progress in meeting the information requirements established under this act. Beginning on or before December 31, 2004, each state permitting and licensing agency shall prepare an annual report of its performance for the preceding fiscal year. The report shall be posted on its web site and provided to the appropriate standing committees of the senate and house of representatives.

Revising provisions for boarding homes.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that licensed boarding homes are an essential component of home and community-based services, and that the noninstitutional nature of this care setting must be preserved and protected by ensuring a regulatory structure that focuses on the actual care and services provided to residents, consumer satisfaction, and continuous quality improvement.

Finds that residents and consumers of services in licensed boarding homes should be encouraged to exercise maximum independence, and that the state's rules for licensed boarding homes must also be designed to encourage individual dignity, autonomy, and choice.

Finds that consumers should be afforded access to affordable long-term care services in licensed boarding homes, and believes that care delivery must remain responsive to consumer preferences. Residents and consumers in licensed boarding homes should be afforded the right to self-direct care, and this right should be reflected in the rules governing licensed boarding homes.

Provides that, by December 12, 2004, the department shall report on the payment system for licensed boarding homes to the chairs of the health care committees of both houses of the legislature.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Declares an intent that eligibility for medical assistance, for the provision of long-term care services, be limited to people who do not have the ability to pay for the care they need. It is also the intent of the legislature to establish a process for offering information and referral to private sector financing mechanisms that will allow people to draw upon their fixed assets to finance their long-term care service needs.

Declares that by taking these measures, eligibility for the medical assistance program will be reserved for the people in greatest financial need, and that we will be better able to afford to provide good quality care to those who are eligible.

formed in a line. This provision does not authorize a person to exceed the posted speed limit by more than is necessary to safely pass another vehicle and then move to the right when possible.

Provides that persons driving on a highway having only one lane of traffic in each direction may exceed the speed limit only when in compliance with RCW 46.61.425(1) and RCW 46.61.120. Persons driving on a multilane highway may exceed the speed limit only when passing vehicles in the left lane and in compliance with this act.

Creating the Washington state tourism center.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that: (1) National and international tourism is a growing sector that can provide Washington residents with jobs and local communities with needed revenues;

(2) Contacts made through national and international tourism activities may yield future benefits in terms of future national and international investments in the state;

(3) Current efforts to promote national and international tourism are too diffuse to yield significant benefits; and

(4) A collaborative effort among state and local governments, tribes, and private enterprises can serve to leverage the investments in national and international tourism and trade made by each.

Declares that it is therefore the policy of the state to create a single entity to be known as the Washington state tourism center to develop new, and expand existing, opportunities for national and international tourism and trade.

Authorizes local governments to divert a portion of the revenue collected under local sales and use taxes on the sale of lodging to the center.

Coordinating and scheduling surveys and audits of hospitals and health care services and facilities operated or controlled by hospitals.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds and declares that it is in the interest of the public health and safety of patients to improve the regulatory environment for hospitals and affiliated health care services and facilities by requiring state agencies that survey hospitals and their affiliated health care services and facilities to coordinate the scheduling of surveys and audits, to provide advance notice of surveys and audits to hospitals, and to share information obtained during surveys and audits.

Finds that hospitals, particularly those in rural communities, that provide a continuum of health care services including nursing homes, assisted living facilities, or ambulance services, all of which are subject to licensing surveys, will be better able to respond to surveys and audits, and implement suggested changes to improve the quality of patient care, if hospitals are not subject to simultaneous or back-to-back surveys or audits.

Declares that surveys and audits will be more cost-effective for hospitals and affiliated services and facilities if hospitals are not required to respond to multiple requests for the same information.

Declares an intent to encourage interlocal agreements to ensure passenger-only ferry service is maintained on routes that the Washington state ferry system eliminates.

Provides that a public transportation benefit area having a boundary located on Puget Sound may implement a passenger ferry service.

Provides that a public transportation benefit area may, as part of a passenger ferry investment plan, recommend some or all of the following revenue sources as provided in this act: (1) A motor vehicle excise tax;

(2) A sales and use tax;

(3) Tolls for passengers and packages and, where applicable, parking; and

(4) Charges or licensing fees for advertising, leasing space for services to ferry passengers, and other revenue-generating activities.

Provides that taxes may not be imposed without an affirmative vote of the majority of the voters within the boundaries of the area voting on a single ballot proposition to both approve a passenger ferry investment plan and to approve taxes to implement the plan. Revenues from these taxes and fees may be used only to implement the plan. A district may contract with the state department of revenue or other appropriate entities for administration and collection of any of the taxes or charges authorized in this act.

Protecting sport shooting ranges.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that sport shooting ranges in this state offer valuable hunter and firearm safety training, legitimate and important forms of recreation to the general public, and provide the opportunity for many law enforcement agencies to maintain necessary firearms skills efficiently and at little or no cost.

Finds that the continued existence and viability of sport shooting ranges is impacted by burdensome retroactive regulation and lawsuits, thereby potentially threatening the availability of low-cost firearms training to some local law enforcement agencies, as well as hunter and firearms safety training and recreation to the general public.

Provides that, notwithstanding any other provision of law, a person who operates or uses a sport shooting range in this state is not subject to civil liability or criminal prosecution in a matter relating to noise or noise pollution resulting from the operation or use of the range if the range is in compliance with any noise control laws or ordinances that applied to the range and its operation at the time of construction or initial operation of the range.

Declares that, except as otherwise provided in this act, this act does not prohibit a local government from regulating the location and construction of a sport shooting range after the effective date of this act.

The personal reemployment account program is to assist such individuals by accelerating reemployment, promoting retention in employment, and providing enhanced flexibility, choice, and control in obtaining intensive reemployment, training, and supportive services.

Declares an intent to operate the program with funds granted to the state from the federal government and private resources.
