Senate Bills

SB 6049-S by Senate Committee on Ways & Means
(originally sponsored by Senator Zarelli)

Providing for stewardship and preservation of public college and university facilities.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Affirms that preventive and ongoing facility maintenance, properly supported, can prevent and mitigate preservation backlogs.

Declares an intent to set in motion a series of structural changes that will support facility stewardship and ensure that, moving forward in time, the state of Washington and its institutions of higher education do not again face a 1.3 billion dollar deficit of capital improvements to preserve existing buildings for their current use.

Implements the summary recommendation that asks the legislature to designate an agency to sustain and expand the comparable framework and assemble information as needed to support facilities-related budget and policy development for biennial sessions starting in 2005.

Directs the joint legislative audit and review committee to periodically update the comparative framework. The scope of work, focus, funding, and expectations for data and support from state agencies shall be as defined by the legislature through the omnibus appropriations act.

Creates the higher education facility preservation account in the state treasury.

Declares that preservation projects and activities must clearly extend the remaining useful life of the facility, and shall only take place in state and mixed facilities that will be operated for not less than thirteen years from the date of investment.

SB 6073-S by Senate Committee on Ways & Means
(originally sponsored by Senators Hargrove, Rossi and Doumit)

Authorizing the increase of shellfish license fees.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Provides that, in addition to the fees authorized in chapter 77.32 RCW, the department shall include a surcharge to fund biotoxin testing and monitoring by the department of health of beaches used for recreational shellfishing, and to fund monitoring by the Olympic region harmful algal bloom program of the Olympic natural resources center at the University of Washington. A surcharge of three dollars applies to resident and nonresident shellfish and seaweed licenses as authorized by RCW 77.32.520(2) (a) and (b); and a surcharge of two dollars applies to resident and nonresident adult combination licenses as authorized by RCW 77.32.470(2)(a).

Provides that amounts collected from these surcharges must be deposited in the general fund--local account

managed by the department of health, except that one hundred fifty thousand dollars per year shall be deposited in the general fund--local account managed by the University of Washington.

Provides that amounts in excess of the annual costs of the department of health recreational shellfish testing and monitoring program shall be transferred to the general fund by the department of health.

Requires that the fee increase proposed in this act must be implemented in the department of fish and wildlife's license fee structure beginning July 1, 2003.

Revising provisions for committees of members of nonprofit corporations.

Declares that any action required by chapter 24.03 RCW to be taken at a meeting of the directors of a corporation, or any action which may be taken at a meeting of the directors, may be taken without a meeting if a consent in the form of a record, setting forth the action so taken, shall be executed by all of the directors entitled to vote with respect to the subject matter thereof, or all of the directors, as the case may be.
