House Bills

HB 1949-S by House Committee on Juvenile Justice & Family Law (originally sponsored by Representatives Nixon and Wood)

Providing financial assistance for victims of domestic violence seeking protection orders.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Recognizes that there are numerous barriers that make it difficult for domestic violence victims to leave their abusers. One such barrier is the lack of financial resources for some domestic violence victims when domestic violence perpetrators often control their victims by, among other things, limiting the victim's access to money and other resources.

Declares an intent to provide courts discretion, when issuing protection orders, to grant domestic violence victims temporary financial assistance from the victim's abuser for the protection and safety of the victim and other family or household members sought to be protected.

Restraints any party from transferring, removing, encumbering, concealing, or in any way disposing of any shared or joint property except in the usual course of business or for the necessities of life, and, if appropriate, requiring the person so restrained to notify the petitioner, in a manner deemed appropriate by the court, of any proposed extraordinary expenditures made after the order is issued.

-- 2004 REGULAR SESSION --

- Feb 3 JJFL - Majority; 1st substitute bill be substituted, do pass.
Minority; do not pass.
- Feb 4 Placed on second reading.

HB 2234-S by House Committee on Capital Budget (originally sponsored by Representatives Romero, Schoesler, Hunt, Dunshee and Alexander)

Creating the legislative buildings committee.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Declares that the state capitol committee has sole responsibility for allocating internal space and establishing policy regarding the preservation of the historic character of the interior and furnishings for the Legislative building, the Cherberg building, the O'Brien building, the Newhouse building, and the Pritchard building.

Authorizes the state capitol committee to appoint ex officio members at its discretion to assist the committee with historical, structural, or architectural considerations related to interiors of the buildings under its control, or, subject to funding in the omnibus appropriations act, the committee may contract for such services.

-- 2004 REGULAR SESSION --

- Feb 2 CB - Majority; 1st substitute bill be substituted, do pass.
- Feb 4 Passed to Rules Committee for second reading.

HB 2326-S by House Committee on Health Care (originally sponsored by Representatives Campbell, Cody, O'Brien, Kenney, Moeller and Edwards)

Streamlining the health care disciplinary process.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that the uniform disciplinary act provides a uniform process for addressing acts of unprofessional conduct affecting fifty-seven health professions regulated by the state.

Finds that it is necessary to further streamline the disciplinary process and ensure more equitable case dispositions among health care providers. An efficient division of responsibilities between the secretary of health with authority over preliminary complaint investigations and charging decisions reserved to the health professionals sitting on the boards and commissions as the final authority on case dispositions.

Declares that these measures will ensure that investigations and charging decisions are free of any potential conflicts of interest and that sanctions are uniform across professional lines.

Finds that this act does not intend to change or modify, in any way, the relationship as it exists on the effective date of this section between boards and commissions and contractors providing services to impaired providers.

-- 2004 REGULAR SESSION --

- Feb 3 HC - Majority; 1st substitute bill be substituted, do pass.
Minority; do not pass.
- Feb 4 Referred to Appropriations.

HB 2336-S by House Committee on Health Care (originally sponsored by Representatives Schual-Berke, Wood, Ruderman, Chase, Sullivan, McIntire, Hunt, Hankins, Cody, Kagi and Sommers)

Providing for stem cell research.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that stem cell research, including the use of embryonic stem cells for medical research, raises significant ethical concerns that must be balanced with medical considerations.

Provides that, while therapeutic cloning stem cell research holds enormous potential for treating or even curing some diseases, the reproductive cloning of human beings is morally and ethically unacceptable. Furthermore, the reproductive cloning of human beings poses grave health risks to any child who may be produced in this manner. Any attempt to clone a human being is in direct conflict with the policies of this state.

Declares it is the policy of Washington state that research involving the derivation of human embryonic stem cells, by any method, including somatic cell nuclear transplantation, and the use of human embryonic stem cells derived after August 1, 2001, shall be reviewed by an institutional review board.

Requires the department to develop guidelines for research involving the derivation or use of human embryonic stem cells in Washington by January 1, 2006.

Requires all research projects involving the derivation or use of human embryonic stem cells to be reviewed and approved by an institutional review board before being undertaken.

Directs the department to establish and maintain an anonymous registry of embryos that are available for research. The purpose of the registry is to provide researchers with access to embryos that are available for research purposes.

Provides that a health care provider delivering fertility treatment must provide his or her patient with timely, relevant, and appropriate information to allow the patient to make an informed and voluntary choice about the disposition of any human embryos remaining following the fertility treatment.

Provides that a person may donate human embryonic tissue or human cadaveric fetal tissue for research purposes.

Provides that a person may not knowingly, for valuable consideration, purchase or sell human embryonic tissue or human cadaveric fetal tissue for research purposes.

Provides that a person who violates this act is guilty of a felony and upon conviction is subject to a fine not to exceed fifty thousand dollars or imprisonment not to exceed five years, or both.

HB 2504-S by House Committee on Agriculture & Natural Resources (originally sponsored by Representatives Schoesler, Grant, Holmquist, Cox, Newhouse, Hinkle, Chandler, Sump and McMorris)

Concerning water policy in regions with regulated reductions in aquifer levels.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Declares an intent that the department of ecology enter into agreements with the United States and Columbia basin project irrigation districts regarding the allocation of water conserved from within areas currently served by project waters to deep well irrigated lands within the federal Columbia basin project and for other authorized project beneficial uses. The department may provide the irrigation districts data identifying areas with the most serious ground water depletions.

Provides that the irrigation districts shall consider and may rely on the department's data and recommendations in making allocation decisions to offset groundwater withdrawals consistent with the operational constraints of the distribution system.

HB 2556-S by House Committee on Criminal Justice & Corrections (originally sponsored by Representatives O'Brien, Kagi, Carrell, Upthegrove, Miloscia, Lovick and Moeller)

Studying criminal background check processes.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Provides that, in consultation with the Washington State Patrol, the Washington association of sheriffs and police chiefs shall conduct a study on criminal background checks. The study shall focus on how Washington state can reduce delays in the criminal background check processing time and how Washington state can make criminal background checks more accessible and efficient.

Provides that the study shall include, but is not limited to: (1) A review and analysis of the criminal background check programs in states that have recently implemented or are soon to implement comprehensive criminal background check programs.

(2) Recommendations on how a comprehensive criminal background check program should be designed in Washington state, and how much a comprehensive program would cost to implement in Washington state.

(3) A review of how a comprehensive criminal background check program could be paid for in Washington state, which includes a determination on whether the program could be funded solely by user fees.

(4) A review of the benefits and obstacles of implementing a criminal background check program created by the national child protection act of 1993. The national child protection act of 1993 increases the availability of criminal background checks for employers who have employees or volunteers who work with children, elderly persons, or persons with disabilities.

(5) Upon completion of the review in this provision, recommendations on how Washington state can make criminal background checks, as authorized under the national child protection act of 1993, available to Washington state employers.

Requires the findings and recommendations from the study to be presented to the legislature no later than December 31, 2004.

HB 2559-S by House Committee on Criminal Justice & Corrections (originally sponsored by Representatives O'Brien, Kagi, Darneille, Upthegrove, Miloscia and Lovick)

Authorizing the certification of corrections officers.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Provides that, as a condition of continuing employment as corrections officers, all Washington state corrections officers shall: (1) Timely obtain certification as corrections officers, or timely obtain exemption therefrom, by meeting all requirements of RCW 43.101.220, as that section is administered under the rules of the commission, as well as by meeting any additional requirements under this act; and

(2) Maintain the basic certification as corrections officers under this act.

Provides that the commission shall certify corrections officers who have satisfied, or have been exempted by statute or by rule from, the basic training requirements of RCW 43.101.220 on or before January 1, 2005. Thereafter, the commission may revoke certification pursuant to this act.

 Feb 5 Referred to Appropriations.

HB 2575-S by House Committee on Commerce & Labor (originally sponsored by Representatives Cairnes, Cody, Conway, Wood and Kenney; by request of Horse Racing Commission)

Relating to provisions of the Washington horse racing commission's authority.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Provides that, upon making a determination that an individual or licensee has violated a commission rule, the board of stewards may assess a fine, suspend or revoke a person's license, or any combination of these penalties. The commission must adopt by rule standard penalties for a rules violation.

Requires all fines collected to be deposited in the Washington horse racing commission class C purse fund account, created in this act, and used as authorized in RCW 67.16.105(3).

Creates the Washington horse racing commission Washington bred owners' bonus fund account in the custody of the state treasurer.

Creates the Washington horse racing commission operating account in the custody of the state treasurer. All receipts collected by the commission under RCW 67.16.105(2) must be deposited into the account.

Creates the Washington horse racing commission class C purse fund account in the custody of the state treasurer. All receipts from RCW 67.16.105(3) must be deposited into the account.

HB 2595-S by House Committee on Juvenile Justice & Family Law (originally sponsored by Representatives Dickerson, Conway, Delvin, Pettigrew, Wood, Schindler, Moeller, Kenney, Morrell and Kagi)

Monitoring compliance with standards regarding the sale of violent video and computer games.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Requires the department of community, trade, and economic development to develop a monitoring program for sales of violent video and computer games. Under this program, the department shall conduct periodic monitoring of a sample group of businesses that retail violent video and computer games to children. The sample group of businesses selected by the department shall be made up of thirty businesses, ten of which shall be located in eastern Washington.

Authorizes the director of the department of community, trade, and economic development to appoint an uncompensated advisory group to assist the department in the development of the monitoring program.

Requires the department to make a preliminary report to the governor and appropriate committees of the legislature by July 1, 2004. In addition, the department shall release the report to the public through a press release and by posting the report on the department's internet web site. Thereafter, the department shall make these reports annually by December 1st, beginning December 1, 2004.

Expires January 1, 2007.

HB 2705-S by House Committee on Capital Budget (originally sponsored by Representatives Dunshee, Alexander, Lovick, Armstrong, Wallace, Miloscia, Jarrett, Murray, Hankins, Schual-Berke, Boldt, O'Brien, Newhouse, Eickmeyer, Orcutt, Hunt, Kagi, G. Simpson, Clibborn, Grant, Sehlin, Pearson, Tom, Moeller, Romero, Nixon, Anderson, Talcott, Conway, Kenney, Upthegrove, Morrell and Wood)

Creating a developmental disabilities community trust account.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that: There are unmet needs for community-based services for persons with developmental disabilities and excess resources at residential habilitation centers unrelated to current residential habilitation center operations; funding shortfalls in the 2003-2005 biennium and beyond may adversely impact the ability of the state to fund programs for growing numbers of unserved persons with developmental disabilities who need community-based services; and statistics generated by the department of social and health services' division of developmental disabilities demonstrate a growing caseload with insufficient funding and planning to address this growth.

Finds that the December 4, 2002, capital study of the division of developmental disabilities residential habilitation centers by the joint legislative audit and review committee identifies options to dispose of excess property at Lakeland Village, Rainier School, and Yakima Valley School that would not impact current residential habilitation center operations.

Declares an intent to allow use of these excess capital properties at residential habilitation centers for persons with developmental disabilities and to place the proceeds from their use into a perpetual trust account for unserved persons with developmental disabilities waiting for community-based developmental disability services.

Provides that excess property identified in the 2002 joint legislative audit and review committee capital study of the division of developmental disabilities residential

habilitation centers must be managed to provide as much income as feasible and this income deposited into the developmental disabilities community trust account created in this act. Income may come from lease of the land, conservation easements, sale of timber, or other activities short of sale of the property.

Requires the department to report on its efforts and strategies to provide income to the developmental disabilities community trust account from the excess property identified in this act from the lease of the property, sale of timber, or other activity short of sale of the property. The department shall report by June 30, 2005.

Does not apply to the portion of excess property at Rainier school under the cognizance and control of Washington State University used for extension services and not a dairy.

HB 2707-S by House Committee on Higher Education (originally sponsored by Representatives Kenney, Priest, Sommers, Jarrett, McCoy, Chase and Hudgins)

Reaffirming the mission of the higher education branch campuses. Revised for 1st Substitute: Regarding higher education branch campuses.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds the policy landscape in higher education has changed since the original creation of the branch campuses. Demand for access to baccalaureate and graduate education is increasing rapidly. Economic development efforts increasingly recognize the importance of focusing on local and regional economic clusters and improving collaboration among communities, businesses, and colleges and universities.

Finds that each branch campus has evolved into a unique institution, and it is appropriate to assess the nature of this evolution to ensure the role and mission of each campus is aligned with the state's higher education goals and the needs of the region where the campus is located.

Declares an intent to recognize the unique nature of Washington's higher education branch campuses, reaffirm the role and mission of each, and set the course for their continued future development.

Declares that the primary mission of the higher education branch campuses created under chapter 28B.45 RCW remains to expand access to baccalaureate and master's level graduate education in under-served urban areas of the state in collaboration with community and technical colleges.

Declares an intent that each branch campus be funded commensurate with its unique mission, the degree programs offered, and the institutional combination of instruction and research, but at a level less than a research university.

Provides that, in consultation with the higher education coordinating board, a branch campus may propose legislation to authorize practice-oriented or professional doctoral programs if: (1) Unique research facilities and equipment are located near the campus; or

(2) The campus can clearly demonstrate student and employer demand in the region that is linked to regional economic development.

Declares it is not the legislature's intent to have each campus chart its own future path without legislative guidance. Instead, the legislature intends to consider carefully the mission and model of education that best suits each campus and best meets the needs of students, the community, and the region.

Requires each branch campus to examine its instructional programs, costs, research initiatives, student enrollment characteristics, and regional context and make a recommendation by January 15, 2005, to the higher education committees of the senate and house of representatives for the future evolution of the campus.

Repeals RCW 28B.45.070, 28B.80.500, and 28B.80.520.

HB 2741-S by House Committee on State Government (originally sponsored by Representatives Miloscia, Armstrong and Upthegrove; by request of Secretary of State)

Managing digital public records.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Requires the State Archivist to manage digital archives in addition to other forms of archival material. The authority to manage these archives is under the archivist's administrative law rulemaking authority.

Authorizes the archivist to license the use of the digital archives for a fee. Fees collected from the licensing are for the recouping of development costs for the digital archives and are not authorized for other uses. The licensing fee may only be charged if the digital records are available and viewable on the Internet.

Declares that all state database infrastructures and their specific security, application codes, and software applications are exempted from public disclosure.

HB 2786-S by House Committee on Health Care (originally sponsored by Representatives Cody, Campbell, Morrell, Schual-Berke, Lantz, Clibborn, G. Simpson, Moeller, Upthegrove and Kagi)

Improving patient safety practices.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that: (1) Thousands of patients are injured each year in the United States as a result of medical errors, and that a comprehensive approach is needed to effectively reduce the incidence of medical errors in our health care system. Implementation of proven patient safety strategies can reduce medical errors, and thereby potentially reduce the need for disciplinary actions against licensed health care professionals and facilities, and the frequency and severity of medical malpractice claims; and

(2) Health care providers, health care facilities, and health carriers can and should be supported in their efforts to improve patient safety and reduce medical errors by authorizing the sharing of successful quality improvement efforts, encouraging health care facilities and providers to work cooperatively in their patient safety efforts, and increasing funding available to implement proven patient safety strategies.

Declares an intent to positively influence the safety and quality of care provided in Washington state's health care system.

Provides that any person or entity participating in a coordinated quality improvement program that shares information or documents with one or more other programs in good faith and in accordance with applicable confidentiality and disclosure requirements of the coordinated quality improvement committee is not subject to an action for civil damages or other relief arising out of the act of sharing them.

Establishes provisions for funding patient safety efforts.

Requires that, by December 1, 2007, the department shall report the following information to the governor and the health policy and fiscal committees of the legislature: (1) The amount of patient safety fees and set asides deposited to date in the patient safety account;

(2) The criteria for distribution of grants, loans, or other appropriate arrangements under this act; and

(3) A description of the medical error reduction and patient safety grants and loans distributed to date, including the stated performance measures, activities, timelines, and detailed information regarding outcomes for each project.

HB 2787-S by House Committee on Health Care (originally sponsored by Representatives Kessler, Campbell, Cody, Morrell, Schual-Berke, Clibborn, Moeller, Upthegrove and Kagi)

Providing immunity from liability for licensed health care providers at community health care settings.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Declares that a "community health care setting" means an entity that provides health care services and: (1) Is a clinic operated by a public entity or private tax exempt corporation;

(2) Is a for-profit corporation that maintains and holds itself out to the public as having established hours on a regular basis for providing free health care services to members of the public to the extent that care is actually provided without compensation during those established hours; or

(3) Is a for-profit corporation that is participating, through a written agreement, in a community-based program to provide access to health care services for uninsured persons, to the extent that: (a) Care is provided without compensation or expectation of compensation to individuals who have been referred for care through that community-based program; and (b) the health care provider's participation in the community-based program is conditioned upon his or her agreement to provide health services without expectation of compensation.

HB 2834-S by House Committee on Health Care (originally sponsored by Representatives Schual-Berke, Kagi, Cody, Lantz, Linville, Morrell, Wallace, Kenney, O'Brien, Miloscia, Sommers, Rockefeller and Darneille)

Improving the discipline of health professions.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Declares that effective mechanisms are needed to ensure that the small minority of health professionals who engage in unprofessional conduct are reported and disciplined in a timely and effective manner.

Finds that jurisdiction for health professions disciplinary processes is divided between the secretary of health and fourteen independent boards and commissions. While the presence of a board or commission consisting of members of the profession that they regulate may add value to some steps of the disciplinary process, in other instances their involvement may be unnecessary, or even an impediment, to safeguarding the public's health and safety.

Declares it is in the interests of both public health and safety and credentialed health care professionals that the health professions disciplinary system operate effectively and appropriately.

Establishes the task force on improvement of health professions discipline.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Recognizes and appreciates the ongoing efforts and programs of the office of the secretary of state, the county auditors of the state, and other organizations that promote voting education programs for students.

Directs the secretary of state to convene a task force to explore opportunities for enhancing voter education programs for persons under the age of eighteen.

Requires the task force to make recommendations and report those recommendations back to the legislature during the 2006 legislative session. Written reports shall be in electronic form only, provided to all county auditors of the state, and posted on the web site of the office of the secretary of state.

Revising notice provisions for proceedings involving Indian children.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Provides that, whenever the court or the petitioning party in a proceeding under chapter 26.10 RCW knows or has reason to know that an Indian child is involved, the petitioning party must promptly provide notice to the child's parent or Indian custodian and to the agent designated by the child's Indian tribe to receive such notices. Notice shall be by registered mail with return receipt requested.

Provides that, if the identity or location of the parent or Indian custodian and the tribe cannot be determined, notice shall be given to the secretary of the interior by registered mail with return receipt requested.

Requires the notice to: (1) Contain a statement notifying the parent or custodian and the tribe of the pending proceeding; and

(2) Notify the tribe of the tribe's right to intervene and/or request that the case be transferred to tribal court.

Provides that no termination, relinquishment, or placement proceeding shall be held until at least ten days after receipt of notice by the tribe. If the tribe requests, the court shall grant the tribe up to twenty additional days to prepare for such proceeding.

HB 3185 by Representatives Boldt and McMahan

Creating an academic bill of rights.

Provides that, to secure the intellectual independence of faculty and students and to protect the principle of intellectual diversity, the following principles and procedures shall be observed. These principles apply only to public universities and to private universities that present themselves as bound by the canons of academic freedom. Private institutions choosing to restrict academic freedom on the basis of creed must explicitly disclose the scope and nature of these restrictions.

(1) All faculty shall be hired, fired, promoted, and granted tenure on the basis of their competence and appropriate knowledge in the field of their expertise and, in the humanities, the social sciences, and the arts, with a view toward fostering a plurality of methodologies and perspectives. No faculty may be hired, fired, or denied promotion or tenure on the basis of his or her political or religious beliefs.

(2) No faculty member may be excluded from tenure, search, and hiring committees on the basis of the member's political or religious beliefs.

(3) Students will be graded solely on the basis of their reasoned answers and appropriate knowledge of the subjects and disciplines they study, not on the basis of their political or religious beliefs.

(4) Curricula and reading lists in the humanities and social sciences should reflect the uncertainty and unsettled character of all human knowledge in these areas by providing students with dissenting sources and viewpoints where appropriate. While teachers are and should be free to pursue their own findings and perspectives in presenting their views, they should consider and make their students aware of other viewpoints. Academic disciplines should welcome a diversity of approaches to unsettled questions.

(5) Exposing students to the spectrum of significant scholarly viewpoints on the subjects examined in their courses is a major responsibility of faculty. Faculty will not use their courses for the purpose of political, ideological, religious, or antireligious indoctrination.

(6) Selection of speakers, allocation of funds for speakers' programs, and other student activities will observe the principles of academic freedom and promote intellectual pluralism.

(7) An environment conducive to the civil exchange of ideas is an essential component of a free university; the obstruction of invited campus speakers, destruction of campus literature, or other effort to obstruct this exchange is prohibited.

(8) Knowledge advances when individual scholars are left free to reach their own conclusions about which methods, facts, and theories have been validated by research. Academic institutions and professional societies formed to advance knowledge within an area of research, maintain the integrity of the research process, and organize the professional lives of related researchers serve as indispensable venues within which scholars circulate research findings and debate their interpretation. To perform these functions adequately, academic institutions and professional societies should maintain a posture of organizational neutrality with respect to the substantive

disagreements that divide researchers on questions within, or outside, their fields of inquiry.

Senate Bills

SB 5436-S by Senate Committee on Education (originally sponsored by Senators Kohl-Welles, Rasmussen, Jacobsen, Winsley, Thibaudeau, McAuliffe, Prentice and Kline)

Regarding foods and beverages sold at public schools.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that, while the United States department of agriculture regulates the nutritional content of meals sold in schools under its school breakfast and lunch program, limited standards are in place to regulate "competitive foods," which are often high in added sugars, sodium, and saturated fat content. However, the United States department of agriculture does call for states and local entities to add restrictions on competitive foods, as necessary.

Provides that, consistent with the essential academic learning requirements for health and fitness, including nutrition, the Washington state school directors association, with the assistance of the office of the superintendent of public instruction, the department of health, and the Washington alliance for health, physical education, recreation and dance, shall convene an advisory committee to develop a model policy regarding access to nutritious foods, opportunities for developmentally appropriate exercise, and accurate information related to these topics.

Requires the policy to address the nutritional content of foods and beverages, including fluoridated bottled water, sold or provided throughout the school day or sold in competition with the federal school breakfast and lunch program and the availability and quality of health, nutrition, and physical education curricula.

Requires the school directors association to submit the model policy and recommendations on the related issues, along with a recommendation for local adoption, to the governor and the legislature and shall post the model policy on its web site by January 1, 2005.

Provides that each district's board of directors shall establish its own policy by August 1, 2005. Districts are encouraged to place no restrictions on the sale or consumption of dairy products on school premises during the school hours in their model policy.

Changing the learning assistance program.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Makes revisions to the learning assistance program.

Declares that the learning assistance program requirements in this act are designed to: (1) Promote the use of assessment data when developing programs to assist underachieving students; and

(2) Guide school districts when implementing programs to assist underachieving students.

Declares an intent that the primary purpose of the learning assistance program is to assist school districts in meeting the needs of its early elementary students. Further, this act provides the means by which a school district becomes eligible for learning assistance program funds and the distribution of those funds.

SB 6453-S by Senate Committee on Government Operations & Elections (originally sponsored by Senators Roach, Hargrove, Hale, T. Sheldon, Schmidt, Winsley, McCaslin, Carlson, Fairley and Rasmussen; by request of Secretary of State)

Enacting a modified blanket primary. Revised for 1st Substitute: Enacting the Qualifying Primary Act.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Declares that the purpose of any primary held in this state is to qualify candidates to appear on the general election ballot. Primary elections do not function as a procedure to determine the nominees of political parties. The sole purpose of allowing candidates to identify a political party preference is to provide to voters a brief description of each candidate's political philosophy, which the voters may consider when casting their votes at a primary or general election.

Provides that, in a primary election, each voter, regardless of party affiliation, may vote for any candidate listed on the ballot, and the two candidates who receive the most votes, also known as the top two vote getters, and who receive at least one percent of the total votes cast for that

office, advance to the general election. Primary election voters are not choosing a party's nominee. A qualifying primary ensures more choice, greater participation, increased privacy, and a sense of fairness for the voters.

Declares that the provisions of this act relating to primaries must be liberally construed to further the following interests: (1) The legislature finds that the process of determining which candidates will appear on the general election ballot or be elected to office is a public process, in which all voters must be permitted to participate. The legislature further finds that it is not in the public interest to expend public funds on a nominating process that does not permit the participation of all voters without regard to party affiliation or requires a public declaration of party affiliation;

(2) All qualified registered voters of the state of Washington should be permitted to participate in all meaningful stages of the process for selecting candidates to appear on the general election ballot by voting for the candidate of their choice; and

(3) No registered voter of the state of Washington should be required to divulge to any public or private entity his or her party affiliation, if any, as a prerequisite to voting.

Requiring information for licensing actions by the department of financial institutions.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Provides that, as a part of or in connection with an application for any license from the department, the applicant shall furnish information concerning his or her identity, including fingerprints for submission to the Washington state patrol, the federal bureau of investigation, and any governmental agency or entity authorized to receive this information for a state and national criminal history background check; personal history; experience; business record; purposes; and other pertinent facts, as the director may reasonably require.

Provides that, as part of or in connection with an application for any license from the department, the department is authorized to receive criminal history record information that includes nonconviction data as defined in RCW 10.97.030. The department may not deny a license based only upon nonconviction data. The department may only disseminate nonconviction data obtained under this act to criminal justice agencies. SB 6519-S by Senate Committee on Financial Services, Insurance & Housing (originally sponsored by Senators Benton, Prentice, Winsley and Kline)

Regulating third party utility billings.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Declares that the purpose of this act is to prevent landlords, either themselves or through a third party billing agent, from billing tenants for master metered or other unmetered utility services without proper notice and disclosure of billing practices to tenants, and to protect tenants from deceptive or fraudulent billing practices, and to establish uniform statewide standards for third party utility billing.

Does not prevent a landlord from including a tenant's cost of master metered or unmetered utility services within the rent set forth in a rental agreement, and the practice of including that cost within a tenant's rent is not a billing practice or methodology affected by this chapter.

Does not affect the practices used by public utilities to bill and collect residential multiunit building owners or landlords for master metered or unmetered utility services.

Declares that a landlord shall not bill tenants separately for utility services except as permitted in this act.

Provides that a landlord shall not engage, retain, or authorize, and a landlord is liable for the actions of, a third party billing agent that does not comply with the requirements of this act.

Declares that the state of Washington fully occupies and preempts the entire field of residential third party utility billings. Cities, towns, and counties or other municipalities may enact only those laws and ordinances relating to third party utility billings that are consistent with this chapter. Local laws and ordinances that are inconsistent with, more restrictive than, or exceed the requirements of state law may not be enacted and are preempted and repealed, regardless of the nature of the code, charter, or home rule status of the city, town, county, or municipality.

In order to protect consumers, the legislature intends to prohibit acts and practices of retailers that deprive consumers of the full value of gift certificates, such as expiration dates, service fees, and dormancy and inactivity charges, on gift certificates.

Does not intend that this act be construed to apply to cards or other payment instruments issued for payment of wages or other intangible property.

Declares an intent that this act should be liberally construed to benefit consumers and that any ambiguities should be resolved by applying the uniform unclaimed property act to the intangible property in question.

Feb 4 FSIH - Majority; 1st substitute bill be substituted, do pass.
Passed to Rules Committee for second reading.

SB 6682-S by Senate Committee on Parks, Fish & Wildlife (originally sponsored by Senator Sheahan)

Allowing for regional programs to provide for the recovery of fish runs.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Recognizes the need to address listings that are made under the federal endangered species act (16 U.S.C. Sec. 1531 et seq.) in a way that will make the most efficient uses of existing regional efforts.

Finds that the southwest Washington pilot program created by the legislature in 1998 for regional fish recovery in Clark, Cowlitz, Lewis, Skamania, and Wahkiakum counties is a successful model that should be used for other regional fish recovery programs.

Declares an intent to address statewide fish listings in a manner that takes advantage of all state and local efforts, and in a manner consistent with the lessons learned in the southwest Washington pilot program.

Establishes a program for local or regional fish recovery for Asotin, Columbia, Garfield, Walla Walla, and Whitman counties. The management board created under this act is responsible for the operation, funding, support, and jurisdiction for the development of: (1) Salmon and steelhead recovery plans;

(2) Implementation of the recovery plan; and

(3) Other programs and projects as deemed necessary for the recovery of fish.

SB 6723 by Senators Thibaudeau, Kohl-Welles, Kline, Keiser, Rasmussen and McAuliffe

Improving patient safety practices.

Finds that: (1) Thousands of patients are injured each year in the United States as a result of medical errors, and that a comprehensive approach is needed to effectively reduce the incidence of medical errors in our health care system. Implementation of proven patient safety strategies can reduce medical errors, and thereby potentially reduce the need for disciplinary actions against licensed health care professionals and facilities, and the frequency and severity of medical malpractice claims; and

(2) Health care providers, health care facilities, and health carriers can and should be supported in their efforts to improve patient safety and reduce medical errors by authorizing the sharing of successful quality improvement efforts, encouraging health care facilities and providers to work cooperatively in their patient safety efforts, and increasing funding available to implement proven patient safety strategies.

Declares an intent to positively influence the safety and quality of care provided in Washington state's health care system.

Establishes provisions for funding patient safety efforts.

Requires that, by December 1, 2007, the department shall report the following information to the governor and the health policy and fiscal committees of the legislature: (1) The amount of patient safety fees and set asides deposited to date in the patient safety account;

(2) The criteria for distribution of grants, loans, or other appropriate arrangements under this act; and

(3) A description of the medical error reduction and patient safety grants and loans distributed to date, including the stated performance measures, activities, timelines, and detailed information regarding outcomes for each project.

SB 6724 by Senators Thibaudeau, Kline, Keiser and Rasmussen

Improving the discipline of health professions.

Declares that effective mechanisms are needed to ensure that the small minority of health professionals who engage in unprofessional conduct are reported and disciplined in a timely and effective manner.

Finds that jurisdiction for health professions disciplinary processes is divided between the secretary of health and fourteen independent boards and commissions. While the presence of a board or commission consisting of members of the profession that they regulate may add value to some steps of the disciplinary process, in other instances their involvement may be unnecessary, or even an impediment, to safeguarding the public's health and safety.

Declares it is in the interests of both public health and safety and credentialed health care professionals that the health professions disciplinary system operate effectively and appropriately.

Establishes the task force on improvement of health professions discipline.

SB 6725 by Senators Franklin, Kline, Brown and Keiser

Forming market assistance plans and joint underwriting associations.

Requires the commissioner to create a Washington association to provide liability insurance for: (1) Adult family homes;

- (2) Community residential programs;
- (3) Contractors;
- (4) Hospitals; or
- (5) Health care clinics.

Requires the commissioner to provide notice, hold a hearing, and issue findings under chapter 48.04 RCW before forming an association.

Provides that the commissioner may not form an association unless the commissioner finds that the designated conditions are met.

Provides that an association must establish a risk management program for businesses or entities insured by the association. The risk management program must include: (1) Standards for systematic investigation and reporting of claims and incidents; and

(2) A loss control and prevention program. This program must include procedures that: (a) Analyze claim frequency, severity, and causes of loss; (b) identify situations that may produce large losses; (c) develop measures to control losses; (d) monitor the effectiveness of the loss control and prevention measures that are implemented; and (e) educate insured businesses or entities on methods to reduce and prevent losses.

SB 6726 by Senators Franklin, Brown, Kline, Keiser, Prentice, Rasmussen and McAuliffe

Creating a joint underwriting association for adult family homes.

Declares an intent to require all insurers authorized to write commercial or professional liability insurance to be members of a joint underwriting association created to provide liability insurance for adult family home services.

Requires the commissioner to approve by July 1, 2004, a reasonable plan for the establishment of a nonprofit, joint underwriting association for adult family home insurance, subject to the conditions and limitations contained in this act.

Provides that any licensee may apply to the association to purchase adult family home insurance and the association must offer a policy with reasonable liability limits as determined by the association based on standard insurance industry practices. The commissioner must require the use of a rating plan for adult family home insurance that permits rates to be modified according to the type, size, and past loss experience of the licensee including any other difference among licensees that can be demonstrated to have a probable effect upon losses.

SB 6730 by Senator Morton

Modifying primary elections.

Provides that, whenever candidates for partisan office are to be elected, the general election must be preceded by a primary conducted under chapter 29A.52 RCW, except as otherwise provided by law. Based upon votes cast at the primary, two candidates must be certified as qualified to appear on the general election ballot, under RCW 29A.52.320 and 29A.36.170.

Declares that a primary may not be used to select the nominees of a political party. A primary is a critical stage in the public process by which voters elect candidates to public office.

Declares that "partisan office" means an office for which a candidate may identify a political party under RCW 29A.24.030(3), and is limited to the following offices: (1) United States senator and representative;

(2) All state offices except: (a) Judicial offices; and (b) the office of superintendent of public instruction;

(3) All county offices except: (a) Judicial offices; and (b) those offices where a county home rule charter provides otherwise.

Repeals RCW 29A.04.157, 29A.24.200, 29A.24.210, 29A.28.010, 29A.28.020, and 29A.36.190.

Provides that this act takes effect July 1, 2004, if, as of that date, the decision issued by the United States Court of Appeals for the Ninth Circuit on September 15, 2003, in the case of *Democratic Party of Washington State v. Reed* has not been withdrawn, stayed, reversed, or otherwise superseded.

Creating the stock water account.

Authorizes the department of community, trade, and economic development to provide grants from the stock water account created in this act to any county-based economic development agency that makes application for such grants, to the extent such funds are available.

Provides that an economic development agency receiving a grant under this act may only use the grant to acquire, lease, or otherwise obtain water for stock-watering purposes.

Authorizes an economic development agency that has acquired, leased, or otherwise obtained water under this act to lease or sell water rights acquired to persons who intend to put the water to beneficial use for stock-watering purposes, on a first-come, first-served basis.

Requires any revenue derived from the lease of waters under this act to be placed in the stock water account.

Directs the department to seek federal and local funds to augment state funding for the stock water account created in this act.

Feb 5 First reading, referred to Natural Resources, Energy & Water.

SB 6733 by Senators Jacobsen, Swecker, Kline, Prentice and Thibaudeau

Creating an open primary with voluntary partisan registration.

Declares that no record may be created or maintained by a state or local governmental agency or a political organization that identifies a voter with the information marked on the voter's ballot, other than the choice that a voter makes on a partisan primary ballot regarding political party affiliation.

Provides that, under no circumstances may an individual be required to affiliate with, join, adhere to, express faith in, or declare a preference for, a political party or organization upon registering to vote. The secretary of state shall adopt rules allowing for the voluntary affiliation by voters with political parties and organizations. The voters' choices shall include the major political parties.

Requires partisan primaries to be conducted using a physically separate ballot format that requires physically separate ballots for each major political party. A major political party ballot may include only the names of candidates who designated that same major political party in their declarations of candidacy, as required by RCW 29A.24.030. Each major political party ballot must include all nonpartisan races and ballot measures appearing on the ballot.

Requires clear and concise instructions to the voter to be prominently displayed on each physically separate ballot, and must include: (1) A statement explaining that only one ballot may be voted;

(2) A statement explaining that if more than one ballot is voted, none of the ballots will be tabulated or reported; and

(3) A statement explaining that the voter's affiliation with a major political party will be inferred from the act of voting the ballot for that major political party.

Declares an intent to create a primary for all partisan elected offices, except for president and vice president, precinct committee officer, and offices exempted from the primary under RCW 29A.52.010, that: (1) Allows each voter to participate;

(2) Rejects mandatory voter registration by political party;

(3) Protects ballot access for all candidates, including minor political party and independent candidates;

(4) Maintains a candidate's right to self-identify with any major political party; and

(5) Upholds a political party's First Amendment right of association.

Repeals RCW 29A.36.140, 29A.52.110, 29A.52.120, 29A.52.130, and 29A.04.903.

SB 6734 by Senators Morton, Hale, Doumit, Hewitt, B. Sheldon, T. Sheldon, Stevens, Mulliken and Rasmussen; by request of Governor Locke

Creating a water rights confirmation process.

Declares that the creation of a water rights confirmation process is critical to the economic viability of the state. The goal of this confirmation process is to provide certainty and clarity to water right holders so that the administration of the water code is more effective and expedient while ensuring that water right holders are ensured due process. This process will result in faster, simpler water right transactions, provide a clarified picture of actual water use, and provide greater certainty as to the effect of water withdrawals and diversions on stream flow levels.

Finds that the present system for determining that a water right holder has relinquished or abandoned a water right creates disincentives for using water efficiently, and greatly contributes to the uncertainty in the use of water rights and to the administration of an effective water management system.

Declares that this system should be reformed by repealing the current law of relinquishment and by reforming the law of abandonment to create a system that continues to require continuous beneficial use of water rights, but also provides certainty and flexibility of use for water right holders and state water managers.

Repeals provisions of chapter 90.14 RCW.
