Brief Description: Concerning environmental impact statements on certain state trust lands. Revised for 1st Substitute: Exempting certain forest practices from the environmental impact statement requirements of chapter 43.21C RCW.

SB 5235 - DIGEST

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that, on state trust lands, class I, II, and III forest practices, as defined by rules adopted by the forest practices board under RCW 76.09.050, do not require an environmental impact statement or detailed statement required under chapter 43.21C RCW if a programmatic detailed environmental impact statement has been finalized for the ten-year sustained yield plan required for all forest practices on state lands under chapter 79.68 RCW.
