Brief Description: Concerning the total maximum daily load process for Moses Lake.

**SB 6119 - DIGEST**

Provides that the department may not proceed with the total maximum daily load process for Moses Lake until it has: (1) Made all reasonable efforts to provide the information requested by the Moses Lake advisory committee; and

(2) Allowed the advisory committee sufficient time to distribute and analyze the information so that the advisory committee report accurately reflects the current condition of the lake, water, and adjacent uplands.
