Brief Description: Defining timber land to include certain
incidental uses.

SB 6216-S - DIGEST

(DIGEST AS ENACTED)

Declares that the term includes land used for incidental uses
that are compatible with the growing and harvesting of timber but
no more than ten percent of the land may be used for these
incidental uses.

Provides that it also includes the land on which appurtenances
necessary for the production, preparation, or sale of the timber
products exist in conjunction with land producing these products.

Declares that the purpose of the amendatory language in this
act is to clarify the timber land definition as it relates to tax
issues. The language does not affect land use policy or law.
