Brief Description: Increasing the physical activity of the citizens of Washington state.

SB 6294 - DIGEST

Finds that providing opportunities for walking, biking, and other regular forms of exercise is best accomplished through collaboration between the private sector and local, state, and institutional policymakers. This collaboration can build communities where people find it easy and safe to be physically active.

Declares an intent to promote policy and planning efforts that increase access to inexpensive or free opportunities for regular exercise in all communities around the state.
