Brief Description: Revising provisions concerning selection of telephone calling systems for inmates in state correctional facilities. Revised for 1st Substitute: Revising provisions concerning selection of telephone calling systems for offenders in state correctional facilities.

SB 6352 - DIGEST

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that the current telephone service for inmate calls from department of corrections facilities is based on outdated technology that provides neither the most secure nor the most accountable system available and is provided at a high cost to inmate families.

Finds that the current statute prevents the secretary of corrections from using systems that provide greater security, more inmate accountability, and lower costs.

Declares an intent to remove this barrier while retaining the intent of the statute to provide safe, accountable, and affordable telephone services.
