

**2SHB 1458** - H AMD TO H AMD (1458-S2 AMH HUNS H-2607.1)  
By Representative Buck

1           On page 3, line 17 of the amendment, after "concerns," insert  
2 "as determined by a scientific study verifying the hydraulic  
3 continuity between the on-site sewage disposal systems and the  
4 marine recovery area,"

**EFFECT:** Requires a scientific study verifying hydraulic continuity between on-site sewage disposal systems and the marine recovery area when a local health officer is proposing a marine recovery area.
