By Representative Hunter

1 On page 2, line 9, after "bargaining." insert "For certificated
2 instructional staff, the supplements shall be provided in the form
3 of separate contracts for additional time, additional
4 responsibility, or incentive, pursuant to RCW 28A.400.200(4)."

5 On page 5, beginning on line 21, strike all of section 6

6 Correct the title.

EFFECT: For certificated instructional staff, requires that the regional cost-of-living salary supplements funded by the new tax be provided in the form of separate contracts for additional time, responsibility, or incentive ("TRI") subject to the TRI statute. Strikes a revision to the collective bargaining laws that is no longer needed, because bargaining will take place pursuant to the TRI statute.
