

SSB 5994 - H AMD

By Representative Flannigan

1 On page 2, line 1, after "tables" strike "licensed" and insert
2 "that, as of July 1, 2005, are approved, or had been applied for
3 and have not subsequently been denied, by the commission under such
4 license"

EFFECT: Extends, until July 1, 2005, the date by which existing house-banked card game licensees must have submitted an application for additional gambling tables in order to avoid the bill's prohibition on approving such expansions.
