1 Strike everything after the enacting clause and insert the
2 following:

3 "**Sec. 1.** RCW 36.70A.367 and 2004 c 208 s 1 are each amended to
4 read as follows:

5 (1) In addition to the major industrial development allowed under
6 RCW 36.70A.365, a county planning under RCW 36.70A.040 that meets the
7 criteria in subsection (10) or (11) of this section may establish, in
8 consultation with cities consistent with provisions of RCW 36.70A.210,
9 a process for designating a bank of no more than two master planned
10 locations for major industrial activity outside urban growth areas.

11 (2) A master planned location for major industrial developments
12 outside an urban growth area may be included in the urban industrial
13 land bank for the county if criteria including, but not limited to, the
14 following are met through the completion of a comprehensive planning
15 process that ensures that:

16 (a) Development regulations are adopted to ensure that urban growth
17 will not occur in adjacent nonurban areas;

18 (b) The master plan for the major industrial developments is
19 consistent with the county's development regulations adopted for
20 protection of critical areas;

21 (c) An inventory of developable land has been conducted as provided
22 in RCW 36.70A.365;

23 (d) Provisions are established for determining the availability of
24 alternate sites within urban growth areas and the long-term annexation
25 feasibility of land sites outside of urban growth areas; and

26 (e) Development regulations are adopted to require the industrial
27 land bank site to be used primarily for locating industrial and
28 manufacturing businesses and specify that the gross floor area of all
29 commercial and service buildings or facilities locating within the
30 industrial land bank shall not exceed ten percent of the total gross

1 floor area of buildings or facilities in the industrial land bank. The
2 commercial and service businesses operated within the ten percent gross
3 floor area limit shall be necessary to the primary industrial or
4 manufacturing businesses within the industrial land bank. The intent
5 of this provision for commercial or service use is to meet the needs of
6 employees, clients, customers, vendors, and others having business at
7 the industrial site and as an adjunct to the industry to attract and
8 retain a quality work force and to further other public objectives,
9 such as trip reduction. Such uses would not be promoted to attract
10 additional clientele from the surrounding area. The commercial and
11 service businesses should be established concurrently with or
12 subsequent to the industrial or manufacturing businesses.

13 (3) The process for reviewing and approving proposals to authorize
14 siting of specific major industrial developments within an approved
15 industrial land bank must ensure through adopted development
16 regulations that:

17 (a) New infrastructure is provided for and/or applicable impact
18 fees are paid;

19 (b) Transit-oriented site planning and traffic demand management
20 programs are implemented;

21 (c) Buffers are provided between the major industrial development
22 and adjacent nonurban areas;

23 (d) Environmental protection including air and water quality has
24 been addressed and provided for;

25 (e) Provision is made to mitigate adverse impacts on designated
26 agricultural lands, forest lands, and mineral resource lands; and

27 (f) An interlocal agreement related to infrastructure cost sharing
28 and revenue sharing between the county and interested cities is
29 established.

30 (4) In selecting master planned locations for inclusion in the
31 urban industrial land bank, priority shall be given to locations that
32 are adjacent to, or in close proximity to, an urban growth area.

33 (5) Final approval of inclusion of a master planned location in an
34 urban industrial land bank under subsection (2) of this section shall
35 be considered an adopted amendment to the comprehensive plan adopted
36 pursuant to RCW 36.70A.070, except that RCW 36.70A.130(2) does not
37 apply so that inclusion or exclusion of master planned locations may be

1 considered at any time. Approval of specific development proposals
2 under subsection (3) of this section requires no further comprehensive
3 plan amendment.

4 (6) Once a master planned location has been included in an urban
5 industrial land bank, manufacturing and industrial businesses that
6 qualify as major industrial development under RCW 36.70A.365 may be
7 located there.

8 (7) Nothing in this section alters the requirements for a county to
9 comply with chapter 43.21C RCW.

10 (8)(a) The authority of a county meeting the criteria of subsection
11 (10) of this section to engage in the process of including or excluding
12 master planned locations from an urban industrial land bank terminates
13 on December 31, 2007, except that the authority of a county meeting the
14 criteria of subsection (10)(e) of this section terminates on December
15 31, 2011. However, any location included in an urban industrial land
16 bank on or before December 31, 2007, or with regard to a county meeting
17 the criteria of subsection (10)(e) of this section, on or before
18 December 31, 2011, shall be available for major industrial development
19 as long as the criteria of subsection (2) of this section are met. A
20 county that has established or proposes to establish an industrial land
21 bank pursuant to this section shall review the need for an industrial
22 land bank within the county, including a review of the availability of
23 land for industrial and manufacturing uses within the urban growth
24 area, during the review and evaluation of comprehensive plans and
25 development regulations required by RCW 36.70A.130.

26 (b) The authority of a county meeting the criteria of subsection
27 (11) of this section to engage in the process of including or excluding
28 master planned locations from the urban industrial land bank terminates
29 on December 31, 2002. However, any location included in the urban
30 industrial land bank on December 31, 2002, shall be available for major
31 industrial development as long as the criteria of subsection (2) of
32 this section are met.

33 (9) For the purposes of this section:

10 (a) of this subsection, suitable for manufacturing, industrial, or
11 commercial businesses and designated by the county through the
12 comprehensive planning process specifically for major industrial use.

13 (10) This section (~~and the termination date specified in~~
14 ~~subsection (8)(a) of this section apply~~) applies to a county that at
15 the time the process is established under subsection (1) of this
16 section:

17 (a) Has a population greater than two hundred fifty thousand and is
18 part of a metropolitan area that includes a city in another state with
19 a population greater than two hundred fifty thousand;

20 (b) Has a population greater than one hundred forty thousand and is
21 adjacent to another country;

22 (c) Has a population greater than forty thousand but less than

34 persons per square mile as determined by the office of financial
35 management, and is bordered by the Pacific Ocean and by Hood Canal; or

37 bordered by Puget Sound on its northern boundary, and is bisected by
38 Interstate 5.

1 (11) This section and the termination date specified in subsection
2 (8)(b) of this section apply to a county that at the time the process
3 is established under subsection (1) of this section:

4 (a) Has a population greater than forty thousand but fewer than
5 eighty thousand;

6 (b) Has an average level of unemployment for the preceding three
7 years that exceeds the average state unemployment for those years by
8 twenty percent; and

9 (c) Is located in the Interstate 5 or Interstate 90 corridor.

10 (12) Any location included in an industrial land bank pursuant to
11 section 2, chapter 289, Laws of 1998, section 1, chapter 402, Laws of
