### SENATE COMMITTEE ON WAYS & MEANS

**Majority Report:** That Substitute Senate Bill No. 6787 be substituted therefor, and the substitute bill do pass.

Signed by Senators Prentice, Chair; Doumit, Vice Chair, Operating Budget; Brandland, Fairley, Parlette, Pridemore, Rasmussen, Regala and Rockefeller.

**Minority Report:** Do not pass.

Signed by Senator Zarelli, Ranking Minority Member.

**Minority Report:** That it be referred without recommendation.

Signed by Senators Roach and Schoesler.

**Staff:** Dean Carlson (786-7305)

**Background:** In general, fuel used for purposes other than for the propulsion of a motor vehicle on public highways is not subject to the state motor vehicle fuel tax or special fuel tax. However, such fuel is subject to the state retail sales and use tax. The Washington State

Ferry System (WSF) currently pays the state retail sales and tax on the fuel used for propelling ferries.

There are currently four counties that operate ferries: Skagit, Pierce, Whatcom, and Wahkiakum.

The WSF currently operates a passenger-only ferry route between Vashon Island and Seattle.

**Summary of Substitute Bill:** The Department of Transportation (WSDOT) is required to notify the State Treasurer of the amount of state sales and use tax paid by the WSF on the purchase of fuel for the preceding calendar quarter. The State Treasurer is required to transfer quarterly an amount equal to the amount indicated by the WSDOT into the passenger ferry account.

By April 1, 2007, WSDOT is required to sell or otherwise dispose of the state passenger ferries Snohomish and Chinook and deposit the proceeds of the sales into the passenger ferry account.

The County Road Administration Board (CRAB) is required to establish a local government ferry grant program. Eligible for the grants are counties, county ferry districts, and/or a public transportation benefit district operating or contracting for ferry service. Also eligible is the Washington Ferry Systems operation of the Vashon to Seattle passenger only ferry route. Priority must be given to grant applicants that provide continuity of existing passenger-only service and provide local or federal matching funds.

County ferry district statutes are broadened so that they may be formed in any county. In addition, the county ferry district statutes apply to all ferries and not just passenger-only ferries.

**Substitute Bill Compared to Original Bill:** CRAB administers the grants program instead of WSDOT. County ferry district statutes are broadened so that they may be formed in any county. In addition, the county ferry district statutes apply to all ferries and not just passenger-only ferries. WSDOT is no longer required to sell the Skagit and Kalama.

**Appropriation:** None.

**Fiscal Note:** Available.

**Committee/Commission/Task Force Created:** No.

**Effective Date:** Ninety days after adjournment of session in which bill is passed.

**Testimony For:** This bill provides a much needed stable funding source for passenger only ferry service. The State and its citizens can benefit most from a collaborative effort between local governments and private operators of passenger only service. WSF's larger vessels are inefficient and provide a larger wake. Small vessels are more practical and less costly to operate. Local control provides the greatest flexibility in providing service where it is needed most.

**Testimony Against:** None.

**Testimony Other:** Vashon needs continuing service. This bill gets WSF out of the passenger only ferry business entirely and we are concerned that private service will not be as reliable as state service. Any savings in operations will likely come from non-union level wages and benefits. Vashon has a small population and we don't have anyone to write grants for us to compete for the funds available in the grant program. Consistent funding is a problem and the WSF could use the funding sources provided in the bill to help sustain its capital program. King County is offering the WSF 2.2 million dollars for the triangle route and we think we should not pass up the offer of these funds.

**Who Testified:** PRO: John Blackman, Aqua Express; Beverly Kincaid, MTAK; Greg Dronkert, Kitsap Ferry Co.; Tom Waggoner, Kingston Chamber of Commerce.

OTHER: Matthew Bergman, Passenger Only Ferry Task Force; Vickie Mercer, Vashon Community Council.
