
ENGROSSED HOUSE BILL 1466

State of Washington

59th Legislature

2006 Regular Session

By Representatives Flannigan, Woods, Darneille, Condotta, Kirby, Orcutt, Simpson, Haigh, Nixon, Chase, Strow, Hunt, Blake, Campbell and Kagi

Read first time 01/25/2005. Referred to Committee on Transportation.

1 AN ACT Relating to motorcycles at traffic signals; adding a new
2 section to chapter 46.61 RCW; and providing an effective date.

3 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

4 NEW SECTION. **Sec. 1.** A new section is added to chapter 46.61 RCW
5 to read as follows:

6 Notwithstanding any provision of law to the contrary, the operator
7 of a street legal motorcycle approaching a left turn intersection that
8 is controlled by a triggered traffic control signal using a vehicle
9 detection device that is inoperative due to the size of the street
10 legal motorcycle shall come to a full and complete stop at the
11 intersection. If the left turn signal fails to operate after one cycle
12 of the traffic signal, the operator may, after exercising due care,
13 proceed to turn left. It is not a defense to a violation of RCW
14 46.61.050 that the driver of a motorcycle proceeded under the belief
15 that a traffic control signal used a vehicle detection device or was
16 inoperative due to the size of the motorcycle when the signal did not
17 use a vehicle detection device or that any such device was not in fact

1 inoperative due to the size of the motorcycle.

2 NEW SECTION. **Sec. 2.** This act takes effect September 1, 2006.
