HOUSE BILL 1664

---

State of Washington                      59th Legislature                      2005 Regular Session

By Representatives Grant, Buri, Linville, Walsh and Schindler

Read first time 02/01/2005.      Referred to Committee on Economic Development, Agriculture & Trade.

1            AN ACT Relating to repealing and narrowing tax incentives for  
2 machinery and equipment used to reduce agricultural burning of cereal  
3 grains and grass grown for seed for air quality purposes; adding a new  
4 section to chapter 82.08 RCW; adding a new section to chapter 82.12  
5 RCW; creating a new section; repealing RCW 82.08.840, 82.12.840,  
6 82.04.4459, and 84.36.580; providing an effective date; providing  
7 expiration dates; and declaring an emergency.

8            BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

9            NEW SECTION.    **Sec. 1.** The legislature finds that rules enacted to  
10 improve air quality in selected parts of eastern Washington created a  
11 financial hardship for some growers of cereal grains and grass grown  
12 for seed. As stated in RCW 70.94.656, it is "the policy of this state  
13 ...to promote the development of economical and practical alternate  
14 agricultural practices to such burning...". The legislature provided  
15 tax incentives in 2000 to assist such growers transition to alternative  
16 management systems while further improving air quality. Because those  
17 incentives have been difficult to administer, the legislature finds  
18 that it is necessary to refine and narrow those incentives.

1        NEW SECTION.    **Sec. 2.**    A new section is added to chapter 82.08 RCW  
2 to read as follows:

9 combine components limited to straw choppers, chaff spreaders, and  
10 stripper headers;

11        (b) Labor and services rendered in respect to constructing hay  
12 sheds for qualified farmers or to sales of tangible personal property  
13 to qualified farmers that becomes an ingredient or component of hay

22 agency or crop insurance records for verification purposes, however  
23 information obtained from farm service agency or crop insurance records  
24 is deemed taxpayer information under RCW 82.32.330 and is not  
25 disclosable.

26        (3) The definitions in this subsection apply to this section.

29 grains and/or field and turf grass grown for seed in qualified  
30 counties.

31        (b) "Qualified counties" means those counties in Washington state  
32 where cereal grain production within the county exceeds fifteen  
33 thousand acres, and cereal grain production from nonirrigated acreage
