
HOUSE BILL 1967

State of Washington 59th Legislature 2005 Regular Session

By Representatives Clibborn, Schindler, Jarrett, Springer, Nixon and Appleton

Read first time 02/11/2005. Referred to Committee on Local Government.

1 AN ACT Relating to affirming that cities and counties planning
2 under chapter 36.70A RCW retain the ability to accommodate state
3 projected population growth within urban growth areas without requiring
4 a minimum residential density; amending RCW 36.70A.110; and creating a
5 new section.

6 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

7 NEW SECTION. **Sec. 1.** The purpose of this act is to affirm that
8 cities and counties planning under the growth management act have
9 flexibility within their granted land use authority to choose
10 appropriate urban residential densities within their jurisdiction
11 within urban growth areas that are sufficient to accommodate, at a
12 minimum, population projections allocated pursuant to RCW 43.62.035
13 within urban growth areas. It is the intent of the legislature to
14 affirm that such accommodation does not require jurisdictions to
15 establish a uniform minimum residential density.

16 **Sec. 2.** RCW 36.70A.110 and 2004 c 206 s 1 are each amended to read
17 as follows:

18 (1) Each county that is required or chooses to plan under RCW

1 36.70A.040 shall designate an urban growth area or areas within which
2 urban growth shall be encouraged and outside of which growth can occur
3 only if it is not urban in nature. Each city that is located in such
4 a county shall be included within an urban growth area. An urban
5 growth area may include more than a single city. An urban growth area
6 may include territory that is located outside of a city only if such
7 territory already is characterized by urban growth whether or not the
8 urban growth area includes a city, or is adjacent to territory already
9 characterized by urban growth, or is a designated new fully contained
10 community as defined by RCW 36.70A.350.

11 (2) Based upon the growth management population projection made for
12 the county by the office of financial management, the county and each
13 city within the county shall include areas and densities sufficient to
14 permit the urban growth that is projected to occur in the county or
15 city for the succeeding twenty-year period, except for those urban
16 growth areas contained totally within a national historical reserve.

17 Each urban growth area shall permit urban densities and shall
18 include greenbelt and open space areas. In the case of urban growth
19 areas contained totally within a national historical reserve, the city
20 may restrict densities, intensities, and forms of urban growth as
21 determined to be necessary and appropriate to protect the physical,
22 cultural, or historic integrity of the reserve. An urban growth area
23 determination may include a reasonable land market supply factor and
24 shall permit a range of urban densities and uses. In determining this
25 market factor, cities and counties may consider local circumstances.
26 Cities and counties have discretion in their comprehensive plans to
27 make many choices about (~~accommodating growth~~) the appropriate urban
28 residential densities within urban growth areas that are sufficient to
29 accommodate their projected population growth and shall not be required
30 to establish a uniform minimum residential density.

31 Within one year of July 1, 1990, each county that as of June 1,
32 1991, was required or chose to plan under RCW 36.70A.040, shall begin
33 consulting with each city located within its boundaries and each city
34 shall propose the location of an urban growth area. Within sixty days
35 of the date the county legislative authority of a county adopts its
36 resolution of intention or of certification by the office of financial
37 management, all other counties that are required or choose to plan
38 under RCW 36.70A.040 shall begin this consultation with each city

1 located within its boundaries. The county shall attempt to reach
2 agreement with each city on the location of an urban growth area within
3 which the city is located. If such an agreement is not reached with
4 each city located within the urban growth area, the county shall
5 justify in writing why it so designated the area an urban growth area.
6 A city may object formally with the department over the designation of
7 the urban growth area within which it is located. Where appropriate,
8 the department shall attempt to resolve the conflicts, including the
9 use of mediation services.

10 (3) Urban growth should be located first in areas already
11 characterized by urban growth that have adequate existing public
12 facility and service capacities to serve such development, second in
13 areas already characterized by urban growth that will be served
14 adequately by a combination of both existing public facilities and
15 services and any additional needed public facilities and services that
16 are provided by either public or private sources, and third in the
17 remaining portions of the urban growth areas. Urban growth may also be
18 located in designated new fully contained communities as defined by RCW
19 36.70A.350.

20 (4) In general, cities are the units of local government most
21 appropriate to provide urban governmental services. In general, it is
22 not appropriate that urban governmental services be extended to or
23 expanded in rural areas except in those limited circumstances shown to
24 be necessary to protect basic public health and safety and the
25 environment and when such services are financially supportable at rural
26 densities and do not permit urban development.

27 (5) On or before October 1, 1993, each county that was initially
28 required to plan under RCW 36.70A.040(1) shall adopt development
29 regulations designating interim urban growth areas under this chapter.
30 Within three years and three months of the date the county legislative
31 authority of a county adopts its resolution of intention or of
32 certification by the office of financial management, all other counties
33 that are required or choose to plan under RCW 36.70A.040 shall adopt
34 development regulations designating interim urban growth areas under
35 this chapter. Adoption of the interim urban growth areas may only
36 occur after public notice; public hearing; and compliance with the
37 state environmental policy act, chapter 43.21C RCW, and RCW 36.70A.110.

1 Such action may be appealed to the appropriate growth management
2 hearings board under RCW 36.70A.280. Final urban growth areas shall be
3 adopted at the time of comprehensive plan adoption under this chapter.

4 (6) Each county shall include designations of urban growth areas in
5 its comprehensive plan.

6 (7) An urban growth area designated in accordance with this section
7 may include within its boundaries urban service areas or potential
8 annexation areas designated for specific cities or towns within the
9 county.
