State of Washington 59th Legislature 2006 Regular Session

By Representatives Schual-Berke and Morrell

Read first time 01/10/2006. Referred to Committee on Health Care.

AN ACT Relating to access to individual health insurance coverage; amending RCW 48.41.040, 48.41.060, 48.41.100, 48.41.110, 48.41.160, 48.41.190, 48.43.005, 48.43.018, and 48.43.041; and providing an effective date.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

Sec. 1. RCW 48.41.040 and 2000 c 80 s 1 are each amended to read as follows:

(1) There is created a nonprofit entity to be known as the Washington state health insurance pool. All members in this state on or after May 18, 1987, shall be members of the pool. When authorized by federal law, all self-insured employers shall also be members of the pool.

(2) Pursuant to chapter 34.05 RCW the commissioner shall, within ninety days after May 18, 1987, give notice to all members of the time and place for the initial organizational meetings of the pool. A board of directors shall be established, which shall be comprised of ten members. The governor shall select one member of the board from each list of three nominees submitted by statewide organizations representing each of the following: (a) Health care providers; (b)

health insurance agents; (c) small employers; and (d) large employers. The governor shall select ((~~two~~)) three members of the board from a list of nominees submitted by statewide organizations representing health care consumers. In making these selections, the governor may request additional names from the statewide organizations representing each of the persons to be selected if the governor chooses not to select a member from the list submitted. The remaining ((~~four~~)) three members of the board shall be selected by election from among the members of the pool. The elected members shall, to the extent possible, include at least one representative of health care service contractors, one representative of health maintenance organizations, and one representative of commercial insurers which provides disability insurance. The members of the board shall elect a chair from the voting members of the board. The insurance commissioner shall be a nonvoting, ex officio member. When self-insured organizations other than the Washington state health care authority become eligible for participation in the pool, the membership of the board shall be increased to eleven and at least one member of the board shall represent the self-insurers.

(3) The original members of the board of directors shall be appointed for intervals of one to three years. Thereafter, all board members shall serve a term of three years. Board members shall receive no compensation, but shall be reimbursed for all travel expenses as provided in RCW 43.03.050 and 43.03.060.

(4) The board shall submit to the commissioner a plan of operation for the pool and any amendments thereto necessary or suitable to assure the fair, reasonable, and equitable administration of the pool. The commissioner shall, after notice and hearing pursuant to chapter 34.05 RCW, approve the plan of operation if it is determined to assure the fair, reasonable, and equitable administration of the pool and provides for the sharing of pool losses on an equitable, proportionate basis among the members of the pool. The plan of operation shall become effective upon approval in writing by the commissioner consistent with the date on which the coverage under this chapter must be made available. If the board fails to submit a plan of operation within one hundred eighty days after the appointment of the board or any time thereafter fails to submit acceptable amendments to the plan, the commissioner shall, within ninety days after notice and hearing

pursuant to chapters 34.05 and 48.04 RCW, adopt such rules as are necessary or advisable to effectuate this chapter. The rules shall continue in force until modified by the commissioner or superseded by a plan submitted by the board and approved by the commissioner.

Sec. 2. RCW 48.41.060 and 2005 c 7 s 2 are each amended to read as follows:

(1) The board shall have the general powers and authority granted under the laws of this state to insurance companies, health care service contractors, and health maintenance organizations, licensed or registered to offer or provide the kinds of health coverage defined under this title. In addition thereto, the board shall:

(a) Designate or establish the standard health questionnaire to be used under RCW 48.41.100 and 48.43.018, including the form and content of the standard health questionnaire and the method of its application. The questionnaire must provide for an objective evaluation of an individual's health status by assigning a discreet measure, such as a system of point scoring to each individual. The questionnaire must not contain any questions related to pregnancy, and pregnancy shall not be a basis for coverage by the pool. The questionnaire shall be designed such that it is reasonably expected to identify the ((~~eight~~)) six percent of persons who are the most costly to treat who are under individual coverage in health benefit plans, as defined in RCW 48.43.005, in Washington state or are covered by the pool, if applied to all such persons;

(b) Obtain from a member of the American academy of actuaries, who is independent of the board, a certification that the standard health questionnaire meets the requirements of (a) of this subsection;

(c) Approve the standard health questionnaire and any modifications needed to comply with this chapter. The standard health questionnaire shall be submitted to an actuary for certification, modified as necessary, and approved at least every eighteen months. The designation and approval of the standard health questionnaire by the board shall ((~~not~~)) be subject to review and approval by the commissioner. The standard health questionnaire or any modification thereto shall not be used until ninety days after public notice of the commissioner's approval of the questionnaire or any modification

thereto, except that the initial standard health questionnaire approved for use by the board after March 23, 2000, may be used immediately following public notice of such approval;

(d) Establish appropriate rates, rate schedules, rate adjustments, expense allowances, claim reserve formulas and any other actuarial functions appropriate to the operation of the pool. Rates shall not be unreasonable in relation to the coverage provided, the risk experience, and expenses of providing the coverage. Rates and rate schedules may be adjusted for appropriate risk factors such as age and area variation in claim costs and shall take into consideration appropriate risk factors in accordance with established actuarial underwriting practices consistent with Washington state individual plan rating requirements under RCW 48.44.022 and 48.46.064;

(e)(i) Assess members of the pool in accordance with the provisions of this chapter, and make advance interim assessments as may be reasonable and necessary for the organizational or interim operating expenses. Any interim assessments will be credited as offsets against any regular assessments due following the close of the year.

(ii) Self-funded multiple employer welfare arrangements are subject to assessment under this subsection only in the event that assessments are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq. The arrangements and the commissioner shall initially request an advisory opinion from the United States department of labor or obtain a declaratory ruling from a federal court on the legality of imposing assessments on these arrangements before imposing the assessment. Once the legality of the assessments has been determined, the multiple employer welfare arrangement certified by the insurance commissioner must begin payment of these assessments.

(iii) If there has not been a final determination of the legality of these assessments, then beginning on the earlier of (A) the date the fourth multiple employer welfare arrangement has been certified by the insurance commissioner, or (B) April 1, 2006, the arrangement shall deposit the assessments imposed by this subsection into an interest bearing escrow account maintained by the arrangement. Upon a final determination that the assessments are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001

et seq., all funds in the interest bearing escrow account shall be transferred to the board;

(f) Issue policies of health coverage in accordance with the requirements of this chapter;

(g) Establish procedures for the administration of the premium discount provided under RCW 48.41.200(3)(a)(iii);

(h) Contract with the Washington state health care authority for the administration of the premium discounts provided under RCW 48.41.200(3)(a) (i) and (ii);

(i) Set a reasonable fee to be paid to an insurance agent licensed in Washington state for submitting an acceptable application for enrollment in the pool; and

(j) Provide certification to the commissioner when assessments will exceed the threshold level established in RCW 48.41.037.

(2) In addition thereto, the board may:

(a) Enter into contracts as are necessary or proper to carry out the provisions and purposes of this chapter including the authority, with the approval of the commissioner, to enter into contracts with similar pools of other states for the joint performance of common administrative functions, or with persons or other organizations for the performance of administrative functions;

(b) Sue or be sued, including taking any legal action as necessary to avoid the payment of improper claims against the pool or the coverage provided by or through the pool;

(c) Appoint appropriate legal, actuarial, and other committees as necessary to provide technical assistance in the operation of the pool, policy, and other contract design, and any other function within the authority of the pool; and

(d) Conduct periodic audits to assure the general accuracy of the financial data submitted to the pool, and the board shall cause the pool to have an annual audit of its operations by an independent certified public accountant.

(3) Nothing in this section shall be construed to require or authorize the adoption of rules under chapter 34.05 RCW.

Sec. 3. RCW 48.41.100 and 2001 c 196 s 3 are each amended to read as follows:

(1) The following persons who are residents of this state are eligible for pool coverage:

(a) Any person who provides evidence of a carrier's decision not to accept him or her for enrollment in an individual health benefit plan as defined in RCW 48.43.005 based upon, and within ninety days of the receipt of, the results of the standard health questionnaire designated by the board and administered by health carriers under RCW 48.43.018;

(b) Any person who continues to be eligible for pool coverage based upon the results of the standard health questionnaire designated by the board and administered by the pool administrator pursuant to subsection (3) of this section;

(c) Any person who resides in a county of the state where no carrier or insurer eligible under chapter 48.15 RCW offers to the public an individual health benefit plan other than a catastrophic health plan as defined in RCW 48.43.005 at the time of application to the pool, and who makes direct application to the pool; and

(d) Any medicare eligible person upon providing evidence of rejection for medical reasons, a requirement of restrictive riders, an up-rated premium, or a preexisting conditions limitation on a medicare supplemental insurance policy under chapter 48.66 RCW, the effect of which is to substantially reduce coverage from that received by a person considered a standard risk by at least one member within six months of the date of application.

(2) The following persons are not eligible for coverage by the pool:

(a) Any person having terminated coverage in the pool unless (i) twelve months have lapsed since termination, or (ii) that person can show continuous other coverage which has been involuntarily terminated for any reason other than nonpayment of premiums. However, these exclusions do not apply to eligible individuals as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg-41(b));

(b) Any person on whose behalf the pool has paid out ((~~one~~)) two million dollars in benefits;

(c) Inmates of public institutions and persons whose benefits are duplicated under public programs. However, these exclusions do not apply to eligible individuals as defined in section 2741(b) of the

federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg-41(b));

(d) Any person who resides in a county of the state where any carrier or insurer regulated under chapter 48.15 RCW offers to the public an individual health benefit plan other than a catastrophic health plan as defined in RCW 48.43.005 at the time of application to the pool and who does not qualify for pool coverage based upon the results of the standard health questionnaire, or pursuant to subsection (1)(d) of this section.

(3) When a carrier or insurer regulated under chapter 48.15 RCW begins to offer an individual health benefit plan in a county where no carrier had been offering an individual health benefit plan:

(a) If the health benefit plan offered is other than a catastrophic health plan as defined in RCW 48.43.005, any person enrolled in a pool plan pursuant to subsection (1)(c) of this section in that county shall no longer be eligible for coverage under that plan pursuant to subsection (1)(c) of this section, but may continue to be eligible for pool coverage based upon the results of the standard health questionnaire designated by the board and administered by the pool administrator. The pool administrator shall offer to administer the questionnaire to each person no longer eligible for coverage under subsection (1)(c) of this section within thirty days of determining that he or she is no longer eligible;

(b) Losing eligibility for pool coverage under this subsection (3) does not affect a person's eligibility for pool coverage under subsection (1)(a), (b), or (d) of this section; and

(c) The pool administrator shall provide written notice to any person who is no longer eligible for coverage under a pool plan under this subsection (3) within thirty days of the administrator's determination that the person is no longer eligible. The notice shall: (i) Indicate that coverage under the plan will cease ninety days from the date that the notice is dated; (ii) describe any other coverage options, either in or outside of the pool, available to the person; (iii) describe the procedures for the administration of the standard health questionnaire to determine the person's continued eligibility for coverage under subsection (1)(b) of this section; and (iv) describe the enrollment process for the available options outside of the pool.

Sec. 4. RCW 48.41.110 and 2001 c 196 s 4 are each amended to read as follows:

(1) The pool shall offer one or more care management plans of coverage. Such plans may, but are not required to, include point of service features that permit participants to receive in-network benefits or out-of-network benefits subject to differential cost shares. Covered persons enrolled in the pool on January 1, 2001, may continue coverage under the pool plan in which they are enrolled on that date. However, the pool may incorporate managed care features into such existing plans.

(2) The administrator shall prepare a brochure outlining the benefits and exclusions of the pool policy in plain language. After approval by the board, such brochure shall be made reasonably available to participants or potential participants.

(3) The health insurance policy issued by the pool shall pay only reasonable amounts for medically necessary eligible health care services rendered or furnished for the diagnosis or treatment of illnesses, injuries, and conditions which are not otherwise limited or excluded. Eligible expenses are the reasonable amounts for the health care services and items for which benefits are extended under the pool policy. Such benefits shall at minimum include, but not be limited to, the following services or related items:

(a) Hospital services, including charges for the most common semiprivate room, for the most common private room if semiprivate rooms do not exist in the health care facility, or for the private room if medically necessary, but limited to a total of one hundred eighty inpatient days in a calendar year, and limited to thirty days inpatient care for mental and nervous conditions, or alcohol, drug, or chemical dependency or abuse per calendar year;

(b) Professional services including surgery for the treatment of injuries, illnesses, or conditions, other than dental, which are rendered by a health care provider, or at the direction of a health care provider, by a staff of registered or licensed practical nurses, or other health care providers;

(c) The first twenty outpatient professional visits for the diagnosis or treatment of one or more mental or nervous conditions or alcohol, drug, or chemical dependency or abuse rendered during a calendar year by one or more physicians, psychologists, or community

mental health professionals, or, at the direction of a physician, by other qualified licensed health care practitioners, in the case of mental or nervous conditions, and rendered by a state certified chemical dependency program approved under chapter 70.96A RCW, in the case of alcohol, drug, or chemical dependency or abuse;

(d) Drugs and contraceptive devices requiring a prescription;

(e) Services of a skilled nursing facility, excluding custodial and convalescent care, for not more than one hundred days in a calendar year as prescribed by a physician;

(f) Services of a home health agency;

(g) Chemotherapy, radioisotope, radiation, and nuclear medicine therapy;

(h) Oxygen;

(i) Anesthesia services;

(j) Prostheses, other than dental;

(k) Durable medical equipment which has no personal use in the absence of the condition for which prescribed;

(l) Diagnostic x-rays and laboratory tests;

(m) Oral surgery limited to the following: Fractures of facial bones; excisions of mandibular joints, lesions of the mouth, lip, or tongue, tumors, or cysts excluding treatment for temporomandibular joints; incision of accessory sinuses, mouth salivary glands or ducts; dislocations of the jaw; plastic reconstruction or repair of traumatic injuries occurring while covered under the pool; and excision of impacted wisdom teeth;

(n) Maternity care services;

(o) Services of a physical therapist and services of a speech therapist;

(p) Hospice services;

(q) Professional ambulance service to the nearest health care facility qualified to treat the illness or injury; and

(r) Other medical equipment, services, or supplies required by physician's orders and medically necessary and consistent with the diagnosis, treatment, and condition.

(4) The board shall design and employ cost containment measures and requirements such as, but not limited to, care coordination, provider network limitations, preadmission certification, and concurrent inpatient review which may make the pool more cost-effective.

(5) The pool benefit policy may contain benefit limitations, exceptions, and cost shares such as copayments, coinsurance, and deductibles that are consistent with managed care products, except that differential cost shares may be adopted by the board for nonnetwork providers under point of service plans. The pool benefit policy cost shares and limitations must be consistent with those that are generally included in health plans approved by the insurance commissioner; however, no limitation, exception, or reduction may be used that would exclude coverage for any disease, illness, or injury.

(6) The pool benefit policy shall be explicitly designed to identify pool enrollees with one or more chronic health conditions, and to provide appropriate, cost-effective care addressing their needs, including the integration of evidence-based chronic care service delivery models into primary care protocols, innovative treatment delivery methods, and support for enrollee self-management.

(7) The pool may not reject an individual for health plan coverage based upon preexisting conditions of the individual or deny, exclude, or otherwise limit coverage for an individual's preexisting health conditions; except that it shall impose a six-month benefit waiting period for preexisting conditions for which medical advice was given, for which a health care provider recommended or provided treatment, or for which a prudent layperson would have sought advice or treatment, within six months before the effective date of coverage. The preexisting condition waiting period shall not apply to prenatal care services. The pool may not avoid the requirements of this section through the creation of a new rate classification or the modification of an existing rate classification. Credit against the waiting period shall be as provided in subsection ((~~(7)~~)) (8) of this section.

((~~(7)~~)) (8)(a) Except as provided in (b) of this subsection, the pool shall credit any preexisting condition waiting period in its plans for a person who was enrolled at any time during the sixty-three day period immediately preceding the date of application for the new pool plan. For the person previously enrolled in a group health benefit plan, the pool must credit the aggregate of all periods of preceding coverage not separated by more than sixty-three days toward the waiting period of the new health plan. For the person previously enrolled in an individual health benefit plan other than a catastrophic health plan, the pool must credit the period of coverage the person was

continuously covered under the immediately preceding health plan toward the waiting period of the new health plan. For the purposes of this subsection, a preceding health plan includes an employer-provided self-funded health plan.

(b) The pool shall waive any preexisting condition waiting period for a person who is an eligible individual as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. 300gg-41(b)).

((~~(8)~~)) (9) If an application is made for the pool policy as a result of rejection by a carrier, then the date of application to the carrier, rather than to the pool, should govern for purposes of determining preexisting condition credit.

Sec. 5. RCW 48.41.160 and 1987 c 431 s 16 are each amended to read as follows:

(1) A pool policy offered under this chapter shall contain provisions under which the pool is obligated to renew the policy until the day on which the individual in whose name the policy is issued first becomes eligible for medicare coverage. At that time, coverage of dependents shall terminate if such dependents are eligible for coverage under a different health plan. Dependents who become eligible for medicare prior to the individual in whose name the policy is issued, shall receive benefits in accordance with RCW 48.41.150.

(2) The pool may not change the rates for pool policies except on a class basis, with a clear disclosure in the policy of the pool's right to do so.

(3) A pool policy offered under this chapter shall provide that, upon the death of the individual in whose name the policy is issued, every other individual then covered under the policy may elect, within a period specified in the policy, to continue coverage under the same or a different policy.

(4) During December of each year, any person enrolled in a pool policy, other than the medical supplement policy offered under RCW 48.41.150, may move to any other pool policy, other than the medical supplement policy, with an equal or greater deductible. Any person enrolled in a pool policy may move to the medical supplement policy offered under RCW 48.41.150 when he or she enrolls in medicare.

Sec. 6. RCW 48.41.190 and 1989 c 121 s 10 are each amended to read as follows:

((~~Neither the participation by members, the establishment of rates, forms, or procedures for coverages issued by the pool, nor any other joint or collective action required by this chapter or the state of Washington shall be the basis of any legal action, civil or criminal liability or penalty against the pool, any member of the board of directors, or members of the pool either jointly or separately.~~)) The pool, members of the pool, board directors of the pool, officers of the pool, employees of the pool, the commissioner, the commissioner's representatives, and the commissioner's employees shall not be civilly or criminally liable and shall not have any penalty or cause of action of any nature arise against them for any action taken or not taken, including any discretionary decision or failure to make a discretionary decision, when the action or inaction is done in good faith and in the performance of the powers and duties under this chapter. However, nothing in this section prohibits legal actions against the pool to enforce the pool's statutory or contractual duties and obligations.

(1) Except as provided in (a) through ((~~(e)~~)) (f) of this subsection, a health carrier may require any person applying for an individual health benefit plan to complete the standard health questionnaire designated under chapter 48.41 RCW.

(a) If a person is seeking an individual health benefit plan due to his or her change of residence from one geographic area in Washington state to another geographic area in Washington state where his or her current health plan is not offered, completion of the standard health questionnaire shall not be a condition of coverage if application for coverage is made within ninety days of relocation.

(b) If a person is seeking an individual health benefit plan:

(i) Because a health care provider with whom he or she has an established care relationship and from whom he or she has received treatment within the past twelve months is no longer part of the carrier's provider network under his or her existing Washington individual health benefit plan; and

(ii) His or her health care provider is part of another carrier's provider network; and

(iii) Application for a health benefit plan under that carrier's provider network individual coverage is made within ninety days of his or her provider leaving the previous carrier's provider network; then completion of the standard health questionnaire shall not be a condition of coverage.

(c) If a person is seeking an individual health benefit plan due to his or her having exhausted continuation coverage provided under 29 U.S.C. Sec. 1161 et seq., completion of the standard health questionnaire shall not be a condition of coverage if application for coverage is made within ninety days of exhaustion of continuation coverage. A health carrier shall accept an application without a standard health questionnaire from a person currently covered by such continuation coverage if application is made within ninety days prior to the date the continuation coverage would be exhausted and the effective date of the individual coverage applied for is the date the continuation coverage would be exhausted, or within ninety days thereafter.

A health carrier shall accept an application without a standard health questionnaire from a person currently covered by such conversion contract if application is made within ninety days prior to the date eligibility under the conversion contract would be discontinued and the effective date of the individual coverage applied for is the date eligibility under the conversion contract would be discontinued, or within ninety days thereafter.

(e) If a person is seeking an individual health benefit plan and, but for the number of persons employed by his or her employer, would have qualified for continuation coverage provided under 29 U.S.C. Sec. 1161 et seq., completion of the standard health questionnaire shall not be a condition of coverage if: (i) Application for coverage is made within ninety days of a qualifying event as defined in 29 U.S.C. Sec. 1163; and (ii) the person had at least twenty-four months of continuous group coverage immediately prior to the qualifying event. A health carrier shall accept an application without a standard health questionnaire from a person with at least twenty-four months of continuous group coverage if application is made no more than ninety days prior to the date of a qualifying event and the effective date of the individual coverage applied for is the date of the qualifying event, or within ninety days thereafter.

(f) If a person is seeking an individual health benefit plan other than a catastrophic health plan, and is enrolled in a catastrophic health plan at the time application for the individual health benefit plan is made, completion of the standard health questionnaire shall not be a condition of coverage if the application for individual coverage is made no more than forty-five and no less than thirty days prior to the date that his or her catastrophic health plan would be annually renewed.

(2) If, based upon the results of the standard health questionnaire, the person qualifies for coverage under the Washington state health insurance pool, the following shall apply:

(b) Within fifteen business days of receipt of a completed application, the carrier shall provide written notice of the decision not to accept the person's application for enrollment to both the person and the administrator of the Washington state health insurance pool. The notice to the person shall state that the person is eligible for health insurance provided by the Washington state health insurance pool, and shall include information about the Washington state health insurance pool and an application for such coverage. If the carrier does not provide or postmark such notice within fifteen business days, the application is deemed approved.

(3) If the person applying for an individual health benefit plan: (a) Does not qualify for coverage under the Washington state health insurance pool based upon the results of the standard health questionnaire; (b) does qualify for coverage under the Washington state health insurance pool based upon the results of the standard health questionnaire and the carrier elects to accept the person for enrollment; or (c) is not required to complete the standard health questionnaire designated under this chapter under subsection (1)(a) or (b) of this section, the carrier shall accept the person for enrollment if he or she resides within the carrier's service area and provide or assure the provision of all covered services regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, other condition or situation, or the provisions of RCW 49.60.174(2). The commissioner may grant a temporary exemption from this subsection if, upon application by a health carrier, the commissioner finds that the clinical, financial, or administrative capacity to serve existing enrollees will be impaired if a health carrier is required to continue enrollment of additional eligible individuals.

Sec. 9. RCW 48.43.041 and 2000 c 79 s 26 are each amended to read as follows:
