3 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

4 **Sec. 1.** RCW 77.70.350 and 1994 c 260 s 10 are each amended to read
5 as follows:

6 (1) The following restrictions apply to vessel designations and
7 substitutions on Dungeness crab-coastal fishery licenses and Dungeness
8 crab-coastal class B fishery licenses:

9 (a) The holder of the license may not:

10 (i) Designate on the license a vessel the hull length of which
11 exceeds ninety-nine feet (~~, nor may the holder~~); or

12 (ii) Change vessel designation if the hull length of the vessel

14 currently designated vessel)) designated on the license on or after the
15 effective date of this section by more than ten feet;

16 (b) If the hull length of the vessel proposed to be designated is
17 comparable to or exceeds by up to one foot the hull length of the
18 currently designated vessel, the department may change the vessel

2 in disrepair such that it does not safely operate, in which case the
3 department may allow a change in vessel designation;

4 (c) If the hull length of the vessel proposed to be designated
5 exceeds by between one and ten feet the hull length of the
6 (~~currently~~) designated vessel on the effective date of this section,
7 the department may change the vessel designation no more than once (~~in~~
8 ~~any five consecutive Washington state coastal crab seasons~~) on or
9 after the effective date of this section, unless a request is made by
10 the license holder during a Washington state coastal crab season for an
11 emergency change in vessel designation. If such an emergency request
12 is made, the director may allow a temporary change in designation to
13 another vessel, if the hull length of the other vessel does not exceed
14 by more than ten feet the hull length of the currently designated
15 vessel.

16 (2) For the purposes of this section, "hull length" means the
17 length of a vessel's hull as shown by United States coast guard
18 documentation or marine survey, or for vessels that do not require
19 United States coast guard documentation, by manufacturer's
20 specifications or marine survey.
