1            AN ACT Relating to quality assurance in boarding homes, nursing  
2 homes, hospitals, peer review organizations, and coordinated quality  
3 improvement plans; amending RCW 18.20.390, 4.24.250, 43.70.510, and  
4 70.41.200; reenacting and amending RCW 42.17.310; adding a new section  
5 to chapter 74.42 RCW; and creating a new section.

6 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

7            NEW SECTION.    **Sec. 1.** The legislature finds that facilitation of  
8 the quality assurance process in licensed boarding homes and nursing  
9 homes will promote safe patient care. The legislature also finds that  
10 communication and quality assurance efforts by boarding homes and  
11 nursing homes will achieve the goal of providing high quality of care  
12 to citizens residing in licensed boarding homes and nursing homes, and  
13 may reduce property and liability insurance premium costs for such  
14 facilities. The legislature further finds that sharing of quality  
15 assurance information between boarding homes, nursing homes,  
16 coordinated quality improvement plans, peer review organizations, and  
17 hospitals will promote safe patient care and ensure consistency of care  
18 across organizations and practices.

1       **Sec. 2.** RCW 18.20.390 and 2004 c 144 s 2 are each amended to read  
2 as follows:

3       (1) To ensure the proper delivery of services and the maintenance  
4 and improvement in quality of care through self-review, any boarding  
5 home licensed under this chapter may maintain a quality assurance  
6 committee that, at a minimum, includes:

7       (a) A licensed registered nurse under chapter 18.79 RCW;

8       (b) The administrator; and

9       (c) Three other members from the staff of the boarding home.

10       (2) When established, the quality assurance committee shall meet at  
11 least quarterly to identify issues that may adversely affect quality of  
12 care and services to residents and to develop and implement plans of  
13 action to correct identified quality concerns or deficiencies in the  
14 quality of care provided to residents.

15       (3) To promote quality of care through self-review without the fear  
16 of reprisal, and to enhance the objectivity of the review process, the  
17 department shall not require, and the long-term care ombudsman program  
18 shall not request, disclosure of any quality assurance committee  
19 records or reports, unless the disclosure is related to the committee's  
20 compliance with this section, if:

21       (a) The records or reports are not maintained pursuant to statutory  
22 or regulatory mandate; and

23       (b) The records or reports are created for and collected and  
24 maintained by the committee.

25       (4) If the boarding home refuses to release records or reports that  
26 would otherwise be protected under this section, the department may  
27 then request only that information that is necessary to determine  
28 whether the boarding home has a quality assurance committee and to  
29 determine that it is operating in compliance with this section.  
30 However, if the boarding home offers the department documents generated  
31 by, or for, the quality assurance committee as evidence of compliance  
32 with boarding home requirements, the documents are ~~((not))~~ protected as  
33 quality assurance committee documents under subsections (6) and (8) of  
34 this section when in the possession of the department. The department  
35 is not liable for an inadvertent disclosure, a disclosure related to a  
36 required federal or state audit, or disclosure of documents incorrectly  
37 marked as quality assurance committee documents by the facility.

1 (5) Good faith attempts by the committee to identify and correct  
2 quality deficiencies shall not be used as a basis for sanctions.

3 ~~(6) ((Any records that are created for and collected and maintained  
4 by the quality assurance committee shall not be discoverable or  
5 admitted into evidence in a civil action brought against a boarding  
6 home.~~

7 (7)) Information and documents, including the analysis of  
8 complaints and incident reports, created specifically for, and  
9 collected and maintained by, a quality assurance committee are not  
10 subject to discovery or introduction into evidence in any civil action,  
11 and no person who was in attendance at a meeting of such committee or  
12 who participated in the creation, collection, or maintenance of  
13 information or documents specifically for the committee shall be  
14 permitted or required to testify as to the content of such proceedings  
15 or the documents and information prepared specifically for the  
16 committee. This subsection does not preclude:

18 involved in the care that is the basis of the civil action whose  
19 involvement was independent of any quality improvement committee  
20 activity;

28 of complaints and incident reports, created specifically for, and  
29 collected and maintained by, the committee, with one or more other  
30 quality assurance committees created under subsection (1) of this  
31 section, RCW 70.41.200, section 3 of this act, RCW 4.24.250, or  
32 43.70.510 for the improvement of the quality of care and services  
33 rendered to boarding home residents. Information and documents  
34 disclosed by one quality assurance committee to another quality  
35 assurance committee and any information and documents created or  
36 maintained as a result of the sharing of information and documents  
37 shall not be subject to the discovery process and confidentiality shall  
38 be respected as required by subsections (6) and (8) of this section,

1 RCW 43.70.510(4), 70.41.200(3), 4.24.250(1), and section 3 (7) and (9)  
2 of this act. The privacy protections of chapter 70.02 RCW and the  
3 federal health insurance portability and accountability act of 1996 and  
4 its implementing regulations apply to the sharing of individually  
5 identifiable patient information held by a coordinated quality  
6 improvement program. Any rules necessary to implement this section  
7 shall meet the requirements of applicable federal and state privacy  
8 laws.

9 (8) Information and documents, including the analysis of complaints  
10 and incident reports, created specifically for, and collected and

16 nursing facility requirements, the documents are protected as quality  
17 assurance committee documents under subsections (7) and (9) of this  
18 section when in the possession of the department. The department is

19 or state adult or juvenile correctional facility or any individual's  
20 safety.

9 this section and confidential income data exempted from public  
10 inspection pursuant to RCW 84.40.020, the exemptions of this section  
11 are inapplicable to the extent that information, the disclosure of  
12 which would violate personal privacy or vital governmental interests,  
13 can be deleted from the specific records sought. No exemption may be  
14 construed to permit the nondisclosure of statistical information not  
15 descriptive of any readily identifiable person or persons.

16 (3) Inspection or copying of any specific records exempt under the  
17 provisions of this section may be permitted if the superior court in  
18 the county in which the record is maintained finds, after a hearing

20 the exemption of such records is clearly unnecessary to protect any  
21 individual's right of privacy or any vital governmental function.

22 (4) Agency responses refusing, in whole or in part, inspection of  
23 any public record shall include a statement of the specific exemption

31 on the claimed incompetency or gross misconduct of such person before  
32 a regularly constituted review committee or board of a professional  
33 society or hospital whose duty it is to evaluate the competency and  
34 qualifications of members of the profession, including limiting the  
35 extent of practice of such person in a hospital or similar institution,  
36 or before a regularly constituted committee or board of a hospital  
37 whose duty it is to review and evaluate the quality of patient care and

1 any person or entity who, in good faith, shares any information or  
2 documents with one or more other committees, boards, or programs under  
3 subsection (2) of this section, shall be immune from civil action for  
4 damages arising out of such activities. For the purposes of this  
5 section, sharing information is presumed to be in good faith. However,  
6 the presumption may be rebutted upon a showing of clear, cogent, and  
7 convincing evidence that the information shared was knowingly false or  
8 deliberately misleading. The proceedings, reports, and written records  
9 of such committees or boards, or of a member, employee, staff person,  
10 or investigator of such a committee or board, shall not be subject to  
11 subpoena or discovery proceedings in any civil action, except actions  
12 arising out of the recommendations of such committees or boards  
13 involving the restriction or revocation of the clinical or staff  
14 privileges of a health care provider as defined above.

15 (2) A coordinated quality improvement program maintained in  
16 accordance with RCW 43.70.510 or 70.41.200 (~~and~~), a quality assurance

19 this section may share information and documents, including complaints  
20 and incident reports, created specifically for, and collected and  
21 maintained by, a coordinated quality improvement committee or  
22 committees or boards under subsection (1) of this section, with one or  
23 more other coordinated quality improvement programs or committees or  
24 boards under subsection (1) of this section for the improvement of the  
25 quality of health care services rendered to patients and the  
26 identification and prevention of medical malpractice. The privacy  
27 protections of chapter 70.02 RCW and the federal health insurance  
28 portability and accountability act of 1996 and its implementing  
29 regulations apply to the sharing of individually identifiable patient  
30 information held by a coordinated quality improvement program. Any  
31 rules necessary to implement this section shall meet the requirements  
32 of applicable federal and state privacy laws. Information and  
33 documents disclosed by one coordinated quality improvement program or  
34 committee or board under subsection (1) of this section to another  
35 coordinated quality improvement program or committee or board under  
36 subsection (1) of this section and any information and documents  
37 created or maintained as a result of the sharing of information and  
38 documents shall not be subject to the discovery process and

2 this section and by RCW 43.70.510(4) (~~and~~), 70.41.200(3), 18.20.390  
3 (6) and (8), and section 3 (7) and (9) of this act.

4 **Sec. 6.** RCW 43.70.510 and 2004 c 145 s 2 are each amended to read  
5 as follows:

6 (1)(a) Health care institutions and medical facilities, other than  
7 hospitals, that are licensed by the department, professional societies  
8 or organizations, health care service contractors, health maintenance  
9 organizations, health carriers approved pursuant to chapter 48.43 RCW,  
10 and any other person or entity providing health care coverage under  
11 chapter 48.42 RCW that is subject to the jurisdiction and regulation of  
12 any state agency or any subdivision thereof may maintain a coordinated  
13 quality improvement program for the improvement of the quality of  
14 health care services rendered to patients and the identification and  
15 prevention of medical malpractice as set forth in RCW 70.41.200.

16 (b) All such programs shall comply with the requirements of RCW  
17 70.41.200(1) (a), (c), (d), (e), (f), (g), and (h) as modified to

19 professional societies or organizations, health care service  
20 contractors, health maintenance organizations, health carriers, or any  
21 other person or entity providing health care coverage under chapter  
22 48.42 RCW that is subject to the jurisdiction and regulation of any  
23 state agency or any subdivision thereof, unless an alternative quality  
24 improvement program substantially equivalent to RCW 70.41.200(1)(a) is  
25 developed. All such programs, whether complying with the requirement  
26 set forth in RCW 70.41.200(1)(a) or in the form of an alternative  
27 program, must be approved by the department before the discovery  
28 limitations provided in subsections (3) and (4) of this section and the  
29 exemption under RCW 42.17.310(1)(hh) and subsection (5) of this section  
30 shall apply. In reviewing plans submitted by licensed entities that  
31 are associated with physicians' offices, the department shall ensure  
32 that the exemption under RCW 42.17.310(1)(hh) and the discovery  
33 limitations of this section are applied only to information and  
34 documents related specifically to quality improvement activities  
35 undertaken by the licensed entity.

36 (2) Health care provider groups of five or more providers may  
37 maintain a coordinated quality improvement program for the improvement

1 of the quality of health care services rendered to patients and the  
2 identification and prevention of medical malpractice as set forth in  
3 RCW 70.41.200. All such programs shall comply with the requirements of  
4 RCW 70.41.200(1) (a), (c), (d), (e), (f), (g), and (h) as modified to  
5 reflect the structural organization of the health care provider group.  
6 All such programs must be approved by the department before the  
7 discovery limitations provided in subsections (3) and (4) of this  
8 section and the exemption under RCW 42.17.310(1)(hh) and subsection (5)  
9 of this section shall apply.

10 (3) Any person who, in substantial good faith, provides information  
11 to further the purposes of the quality improvement and medical  
12 malpractice prevention program or who, in substantial good faith,  
13 participates on the quality improvement committee shall not be subject  
14 to an action for civil damages or other relief as a result of such  
15 activity. Any person or entity participating in a coordinated quality  
16 improvement program that, in substantial good faith, shares information  
17 or documents with one or more other programs, committees, or boards  
18 under subsection (6) of this section is not subject to an action for  
19 civil damages or other relief as a result of the activity or its  
20 consequences. For the purposes of this section, sharing information is  
21 presumed to be in substantial good faith. However, the presumption may  
22 be rebutted upon a showing of clear, cogent, and convincing evidence  
23 that the information shared was knowingly false or deliberately  
24 misleading.

25 (4) Information and documents, including complaints and incident  
26 reports, created specifically for, and collected((~~7~~)) and maintained  
27 by a quality improvement committee are not subject to discovery or  
28 introduction into evidence in any civil action, and no person who was  
29 in attendance at a meeting of such committee or who participated in the  
30 creation, collection, or maintenance of information or documents  
31 specifically for the committee shall be permitted or required to  
32 testify in any civil action as to the content of such proceedings or  
33 the documents and information prepared specifically for the committee.  
34 This subsection does not preclude: (a) In any civil action, the  
35 discovery of the identity of persons involved in the medical care that  
36 is the basis of the civil action whose involvement was independent of  
37 any quality improvement activity; (b) in any civil action, the  
38 testimony of any person concerning the facts that form the basis for

1 the institution of such proceedings of which the person had personal  
2 knowledge acquired independently of such proceedings; (c) in any civil  
3 action by a health care provider regarding the restriction or  
4 revocation of that individual's clinical or staff privileges,  
5 introduction into evidence information collected and maintained by  
6 quality improvement committees regarding such health care provider; (d)  
7 in any civil action challenging the termination of a contract by a  
8 state agency with any entity maintaining a coordinated quality  
9 improvement program under this section if the termination was on the  
10 basis of quality of care concerns, introduction into evidence of  
11 information created, collected, or maintained by the quality  
12 improvement committees of the subject entity, which may be under terms  
13 of a protective order as specified by the court; (e) in any civil  
14 action, disclosure of the fact that staff privileges were terminated or  
15 restricted, including the specific restrictions imposed, if any and the  
16 reasons for the restrictions; or (f) in any civil action, discovery and  
17 introduction into evidence of the patient's medical records required by  
18 rule of the department of health to be made regarding the care and  
19 treatment received.

20 (5) Information and documents created specifically for, and  
21 collected and maintained by, a quality improvement committee are exempt  
22 from disclosure under chapter 42.17 RCW.

23 (6) A coordinated quality improvement program may share information  
24 and documents, including complaints and incident reports, created  
25 specifically for, and collected and maintained by, a quality  
26 improvement committee or a peer review committee under RCW 4.24.250  
27 with one or more other coordinated quality improvement programs  
28 maintained in accordance with this section or with RCW 70.41.200, a  
29 quality assurance committee maintained in accordance with RCW 18.20.390  
30 or section 3 of this act, or a peer review committee under RCW  
31 4.24.250, for the improvement of the quality of health care services  
32 rendered to patients and the identification and prevention of medical  
33 malpractice. The privacy protections of chapter 70.02 RCW and the  
34 federal health insurance portability and accountability act of 1996 and  
35 its implementing regulations apply to the sharing of individually  
36 identifiable patient information held by a coordinated quality  
37 improvement program. Any rules necessary to implement this section  
38 shall meet the requirements of applicable federal and state privacy

1 laws. Information and documents disclosed by one coordinated quality  
2 improvement program to another coordinated quality improvement program  
3 or a peer review committee under RCW 4.24.250 and any information and  
4 documents created or maintained as a result of the sharing of  
5 information and documents shall not be subject to the discovery process  
6 and confidentiality shall be respected as required by subsection (4) of  
7 this section and RCW 4.24.250.

8 (7) The department of health shall adopt rules as are necessary to  
9 implement this section.

37 This subsection does not preclude: (a) In any civil action, the  
38 discovery of the identity of persons involved in the medical care that

1 is the basis of the civil action whose involvement was independent of  
2 any quality improvement activity; (b) in any civil action, the  
3 testimony of any person concerning the facts which form the basis for  
4 the institution of such proceedings of which the person had personal  
5 knowledge acquired independently of such proceedings; (c) in any civil
