1 AN ACT Relating to cleanup of waste tires; amending RCW 70.95.510,
2 70.95.530, 70.95.555, and 70.95.560; adding new sections to chapter
3 70.95 RCW; creating a new section; prescribing penalties; making
4 appropriations; providing an effective date; and declaring an
5 emergency.

6 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

7 NEW SECTION. **Sec. 1.** The legislature finds that discarded tires
8 in unauthorized dump sites pose a health and safety risk to the public.
9 Many of these tire piles have been in existence for a significant
10 amount of time and are a continuing challenge to state and local
11 officials responsible for cleaning up unauthorized dump sites and
12 preventing further accumulation of waste tires. Therefore it is the
13 intent of the legislature to document the extent of the problem, create
14 and fund an effective program to eliminate unauthorized tire piles, and
15 minimize potential future problems and costs.

16 **Sec. 2.** RCW 70.95.510 and 1989 c 431 s 92 are each amended to read
17 as follows:

18 (1) There is levied a one dollar per tire fee on the retail sale of

1 new replacement vehicle tires for a period of five years, beginning
2 (~~October 1, 1989~~) July 1, 2005. The fee imposed in this section
3 shall be paid by the buyer to the seller, and each seller shall collect
4 from the buyer the full amount of the fee. The fee collected from the
5 buyer by the seller less the ten percent amount retained by the seller
6 as provided in RCW 70.95.535(1) shall be paid to the department of
7 revenue in accordance with RCW 82.32.045.

8 (2) The department of revenue shall incorporate into the agency's
9 regular audit cycle a reconciliation of the number of tires sold and
10 the amount of revenue collected by the businesses selling new
11 replacement vehicle tires at retail. The department of revenue shall
12 collect on the business excise tax return from the businesses selling
13 new replacement vehicle tires at retail:

14 (a) The number of tires sold; and

15 (b) The fee levied in this section.

16 (3) All other applicable provisions of chapter 82.32 RCW have full
17 force and application with respect to the fee imposed under this
18 section. The department of revenue shall administer this section.

19 (4) For the purposes of this section, "new replacement vehicle
20 tires" means tires that are newly manufactured for vehicle purposes and
21 does not include retreaded vehicle tires.

22 NEW SECTION. Sec. 3. A new section is added to chapter 70.95 RCW
23 to read as follows:

24 The waste tire removal account is created in the state treasury.
25 All receipts from tire fees imposed under RCW 70.95.510 must be
26 deposited in the account. Moneys in the account may be spent only
27 after appropriation. Expenditures from the account may be used for the
28 cleanup of unauthorized waste tire piles and measures that prevent
29 future accumulation of unauthorized waste tire piles.

30 NEW SECTION. Sec. 4. A new section is added to chapter 70.95 RCW
31 to read as follows:

32 (1) The fee required by this chapter, to be collected by the
33 seller, shall be deemed to be held in trust by the seller until paid to
34 the department of revenue, and any seller who appropriates or converts
35 the fee collected to his or her own use or to any use other than the

1 payment of the fee to the extent that the money required to be
2 collected is not available for payment on the due date as prescribed in
3 this chapter is guilty of a gross misdemeanor.

4 (2) In case any seller fails to collect the fee imposed in this
5 chapter or, having collected the fee, fails to pay it to the department
6 of revenue in the manner prescribed by this chapter, whether such
7 failure is the result of his or her own acts or the result of acts or
8 conditions beyond his or her control, he or she shall, nevertheless, be
9 personally liable to the state for the amount of the fee.

10 (3) The amount of the fee, until paid by the buyer to the seller or
11 to the department of revenue, shall constitute a debt from the buyer to
12 the seller and any seller who fails or refuses to collect the fee as
13 required with intent to violate the provisions of this chapter or to
14 gain some advantage or benefit, either direct or indirect, and any
15 buyer who refuses to pay any fee due under this chapter is guilty of a
16 misdemeanor.

33 consult on a regular basis with interested parties. The following
34 identified elements at a minimum shall be included in the completed
35 study:

36 (i) Identification of existing tire cleanup sites in the state of
37 Washington;

22 estimated time frame to begin each of the tire cleanup sites and the
23 estimated completion date for each one of the sites. In addition, the
24 plan must include a process to be followed in selecting entities to
25 perform the tire site cleanups. The 2006 legislature shall determine
26 the final distribution of the tire cleanup fee and the appropriations
27 for this statewide tire cleanup plan.
28 (2) In spending funds in the account under this section, the
29 department of ecology shall identify communities with the most severe
30 problems with waste tires and provide funds first to those communities
31 to remove accumulations of waste tires.
32 (3) Immediately after the effective date of this section, the
33 department of ecology shall initiate a pilot project in a city with a
34 population between three and four thousand within a county with a
35 population less than twenty thousand to contract to clean up a formerly
36 licensed tire pile in existence for ten or more years. To begin the
37 project, the department shall seek to use financial assurance funds set
38 aside for clean up of the tire pile. For purposes of this subsection,

1 population figures are the official 2004 population as estimated by the
2 office of financial management for purposes of state revenue
3 allocation.
