
SENATE BILL 6071

State of Washington

59th Legislature

2005 Regular Session

By Senators Honeyford and Mulliken

Read first time 03/01/2005. Referred to Committee on Ways & Means.

1 AN ACT Relating to the fruit and vegetable inspection account;
2 amending RCW 15.17.240; and creating a new section.

3 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

4 NEW SECTION. **Sec. 1.** The legislature intends to phase out the
5 department of agriculture's practice of using funds from the fruit and
6 vegetable inspection account for the payment of the department's
7 general and overhead expenses. The legislature intends that the
8 department's general and overhead expenses are paid from the state's
9 general fund.

10 **Sec. 2.** RCW 15.17.240 and 2002 c 322 s 2 are each amended to read
11 as follows:

12 (1) The fruit and vegetable inspection account is created in the
13 custody of the state treasurer. All fees collected under this chapter
14 must be deposited into the account. Except as specifically authorized
15 by this subsection, the director may authorize expenditures from the
16 account solely for the implementation and enforcement of ((this chapter
17 and any other expenditures authorized by statute or session law and
18 applying specifically to the account)) the fruit and vegetable program.

1 For each fiscal year in the 2005-2007 biennium, the director may
2 authorize the use of up to two hundred fifty thousand dollars from the
3 account for payment of general and administrative expenses of the
4 department, but only if the use of the funds provides some benefit to
5 the fruit and vegetable inspection program. For each fiscal year in
6 the 2007-2009 biennium, the director may authorize the use of up to one
7 hundred twenty-five thousand dollars from the account for payment of
8 general and administrative expenses of the department, but only if the
9 use of the funds provides some benefit to the fruit and vegetable
10 inspection program. The account is subject to allotment procedures
11 under chapter 43.88 RCW, but an appropriation is not required for
12 expenditures.

13 The director shall establish and maintain an account within the
14 fruit and vegetable inspection account for each district established
15 under RCW 15.17.230.

16 (2) By August 1, 2004, and by August 1st of each even-numbered year
17 thereafter, the director shall review the balance of each of the
18 district accounts in the fruit and vegetable inspection account at the
19 end of the previous fiscal year. If the balance in the district
20 account exceeds the sum of the following: An amount equal to the total
21 expenditures of the district served by that account for the last six
22 months of that previous fiscal year; any budgeted capital expenditures
23 from the account for the current fiscal year; and six hundred thousand
24 dollars, the director shall temporarily and equally, on a percentage
25 basis, reduce each of the fees accruing to the district account until
26 such time that the district account has a balance equal to the amount
27 of the total expenditures from the account for the last seven months of
28 the previous fiscal year, at which time the fees shall be returned to
29 the amounts before the temporary reduction. In making the reductions,
30 the director shall attempt to reduce fees for a twelve-month period so
31 as to apply the reductions to as many of the persons who annually pay
32 fees for services provided by the district. The temporary fee
33 reductions shall be initially provided through the adoption of
34 emergency rules. The emergency and subsequent rules temporarily
35 reducing the fees are exempt from the requirements of RCW 34.05.310 and
36 chapter 19.85 RCW. These fees shall be reinstated through the

1 expiration of the rules temporarily reducing them and the authority to
2 reinstate them is hereby granted.

--- END ---
