35 (1) To ensure that minor works appropriations are carried out in

1 accordance with legislative intent, funds appropriated in this act
2 shall not be allotted until project lists are on file at the office of
3 financial management (~~and the office of financial management has~~
4 ~~formally approved the lists. Proposed revisions~~), the house of
5 representatives capital budget committee, and the senate ways and means
6 committee. All projects must meet the criteria included in subsection
7 (2)(a) of this section. Revisions to the lists must be filed with
8 ~~((and approved by))~~ the office of financial management, the house of
9 representatives capital budget committee, and the senate ways and means
10 committee and include an explanation of variances from the prior list
11 before funds may be expended on the revisions.

12 (2)(a) Minor works projects are single line appropriations that
13 shall include multiple projects valued between \$25,000 and \$1,000,000
14 each that are of a similar nature and can (~~generally~~) be completed
15 within two years of the appropriation with the funding provided. These
16 projects cannot be combined with or be a part of an overall project,
17 that if combined over a continuous period of time, would exceed
18 \$1,000,000. Minor works categories include (i) health, safety, and
19 code requirements; (ii) facility preservation; (iii) infrastructure
20 preservation; and (iv) program improvement or expansion. Improvements
21 for accessibility in compliance with the Americans with disabilities
22 act may be included in any of the above minor works categories.

24 things: Studies, except for technical or engineering reviews or
25 designs that lead directly to and support a project on the same minor
26 works list; planning; design outside the scope of work on a minor works
27 list; moveable, temporary, and traditionally funded operating equipment
28 not in compliance with the equipment criteria established by the office
29 of financial management; software not dedicated to control of a
30 specialized system; moving expenses; land or facility acquisition; or
31 to supplement funding for projects with funding shortfalls unless
32 expressly authorized elsewhere in this act. The office of financial
33 management may make an exception to the limitations described in this
34 subsection (2)(b) for exigent circumstances after notifying the
35 legislative fiscal committees and waiting ten days for comments by the
36 legislature regarding the proposed exception.

37 (3) The (~~office of financial management~~) agency shall (~~forward~~)
38 provide copies of these project lists and revised lists to the office

1 of financial management, the house of representatives capital budget
2 committee, and the senate ways and means committee. No expenditure may
3 be incurred or obligation entered into for minor works appropriations
4 until the office of financial management has approved the allotment of
5 the funds to be expended. The office of financial management shall
6 encourage state agencies to incorporate accessibility planning and
7 improvements into the normal and customary capital program.

8 (4) It is generally not intended to make future appropriations for
9 capital expenditures or for maintenance and operating expenses for an
10 acquisition project or a significant expansion project that is
11 initiated through the minor works process and therefore does not
12 receive a policy and fiscal analysis by the legislature. Minor works
