

HB 1286 - DIGEST

(DIGEST AS ENACTED)

Creates the medical flexible spending account.

Requires every employing agency to fully cooperate with the authority and carry out all actions necessary for the operation of benefit plans, education of employees, claims administration, and other activities that may be required by the authority for administration of chapter 41.05 RCW.

Requires employing agencies to report all data relating to employees eligible to participate in benefits or plans administered by the authority in a format designed and communicated by the authority.
