

HB 1596 - DIGEST

Authorizes the municipality to impose a customer facility charge upon customers of rental car companies accessing the airport for the purposes of financing, designing, constructing, operating, and maintaining consolidated rental car facilities and common use transportation equipment and facilities which are used to transport the customer between the consolidated car rental facilities and other airport facilities.

Provides that the airport operator may require the rental car companies to collect the facility charges, and any facility charges so collected shall be deposited in a trust account for the benefit of the airport operator and remitted at the direction of the airport operator.
