

HB 1919 - DIGEST

Provides that, beginning with the 2006-07 school year, a school district may offer either full-day or half-day kindergarten in one or more schools as part of basic education. In order to ensure that the superintendent of public instruction has sufficient time to allocate funds appropriately, the office of the superintendent of public instruction shall adopt deadlines for a school district to notify the agency that the district intends to operate a full-day kindergarten program in one or more schools.
