

HB 3157 - DIGEST

(AS OF HOUSE 2ND READING 2/13/06)

Requires the department to encourage recipients of temporary assistance for needy families to learn about asset building and participate in programs to assist low-income persons in developing personal assets. The department shall provide its regional offices, recipients of temporary assistance for needy families, and any contractors providing job search, training, or placement services notification of programs available in the state for financial literacy, individual development accounts, assistance with federal income tax information and the availability of tax credits, and other resources to assist with asset building.
