

HJM 4015 - DIGEST

Declares that the Memorialists oppose diverting Social Security payroll contributions in order to fund retirement investment accounts; oppose any effort to cut benefits or increase eligibility thresholds; oppose any effort to use trust fund surpluses for any tax cut; support examining increases in employers' tax rates and raising the payroll tax earning cap as acceptable methods for providing a guaranteed living income and insuring the long-term financial viability of Social Security; and oppose all efforts to privatize Social Security in any manner.
